

The purpose of this set of exercises is simply to get you familiar with the *R* package. Work through the following sections in Maindonald's *Using R for Data Analysis and Graphics* and perform the listed exercises.

The book can be found on the course web page,

<http://www.rochester.edu/College/PSC/clarke/Dublin/Dublin.html>,

and the data sets used in the book can be loaded into *R* using the following command,

```
source("http://www.maths.anu.edu.au/~johnm/r/dsets/  
individual-dsets/alldatasets.R").
```

**1. Chapter 1**

All sections. Exercises 1, 2.

**2. Chapter 2**

Sections 2.1, 2.2, 2.4, 2.5, 2.6

**3. Chapter 3**

Sections 3.1-3.6. Exercises 1, 2, 5, 6, 8

**4. Chapter 5**

Sections 5.1-5.4. Exercises 1-3.
