# What is Scholarship?

Scholarship within the fraternity and sorority community is not measured simply by grade point average, but by the accomplishment of goals through exploration, information gathering, reflection, discussion, evaluation, and informed decision making. We recognize individuals own their education and learning is not the responsibility of social groups. We approach issues with an open, critical, and searching mind and engage others within and outside our organization to promote learning.

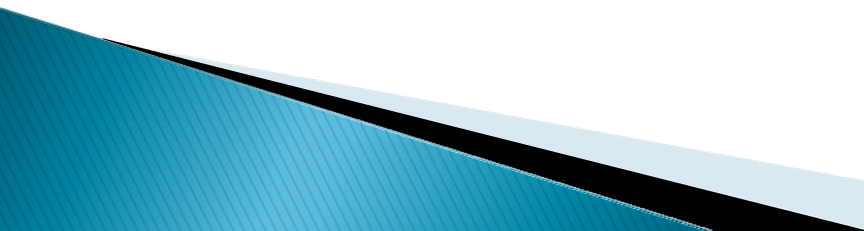

# Internal Scholarship

- ▶ We respect and support the academic goals of our new and initiated members throughout their educational journeys.
  - ▶ *Examples: Utilizing Writing Fellows, workshop leaders, Center for Excellence in Teaching and Learning, the College Center for Academic Support, informing members of important academic dates, providing a chapter library/study space, etc.*
- 

# External Scholarship

- ▶ We support learning within the chapter by encouraging and supporting sponsorship with College programs, academic resources, and faculty, as well as the development of educational opportunities that include the broader campus community and our members.
  - ▶ *Examples: community discussions on academic topics of interest, workshops on applying for internships and fellowships, programs preparing for graduate and medical school, etc.*
-
