All Users	<ul style="list-style-type: none"> User Alert: This week, many reports in UR Financials have not been working using Microsoft's Internet Explorer browser. Workday has scheduled a fix for this Friday evening, November 20th. <u>Internet Explorer is anticipated to be available for running UR Financials reports Monday, November 23rd.</u> Until this fix is implemented, view the UR Financials website to learn how to view Supplier Invoices when running reports in either Chrome or Firefox browsers. Missed the "Ask the Experts" session at our Genius Bar? The next session is scheduled for December 10th. For users that have post close reporting questions, sign up for a 15 minute time slot and add your question to the My Comments field. Remember to add this to your personal calendar.
Grant Financial Analysts	<ul style="list-style-type: none"> A new tool has been developed specifically for Grant Financials Analysts. The Grants Report Matrix provides detailed information on Grant report field results and the best time to run. This will help users determine the appropriate report for each occasion. A short definition list is also included. This matrix can be found under Tools > Report Matrixes within the UR Financials website, or accessed through the UR Financials system within the Financial Report Dashboard > reference link section, Report Matrixes.
