Bob Bechtold
President and Founder
HARBEC Plastics, Inc.

Bob Bechtold is the president and founder of HARBEC Plastics, Inc., a progressive injection molding company located in upstate New York, which provides a full service of model making, precision mold making, and complex precision plastic injection molding. His company believes strongly in the value of "eco-economics," and during the past decade he has developed an energy management strategy that includes a cogeneration project, which currently provides a portion of HARBEC’s electricity, heat, and air-conditioning requirements in conjunction with two on-site wind turbines.

HARBEC has received many awards for sustainable manufacturing, including the Manufacturing Leadership Award for Sustainability and the New York State Environmental Excellence Award.
