Faculty member(s): _____

Phone number: _____

E-mail address: _____

Campus mail address: _____

Provide a brief description of technological components of proposal. (This draft need not include an account of the prospective pedagogical/programmatic benefits of the project.)

Describe the hardware and software needed to support this proposal. Would these be new acquisitions for you or your department?

If proposal includes a visiting speaker or workshop, list technical needs. (such as hands-on computing facility, projection, etc.):
