

Site Licensing

The University of Rochester participates in a number of bulk purchases and site licenses for software by coordinating the purchasing. This is done through the ITS Center and ITS site licensing group.

The site licensing group currently has the following software available:

Mathematical & Statistical Software

- Maple
- Mathematica
- Matlab
- S-Plus
- SAS
- SPSS
- Stata & Stat/Transfer

Operating System Software

- HP CSLG/ESL - Open VMS, Digital Unix, OS and application software
- Sun Edusoft/ScholarPAC - Solaris application software

Security & Connectivity Software

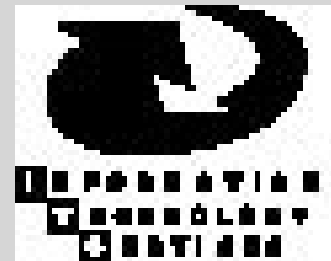

- ISS Security Monitoring Software
- TunnelBuilder VPN software for Mac OS 9
- Pure Message for mail servers

Scientific & Engineering Software

- IMSL, PV-Wave, J-Wave
- LabVIEW

Anti-Virus Software

- Trend Antivirus for the PC available at:
www.infosec.rochester.edu

Contact Us:

- Email: sitelic@rochester.edu
- Phone: 275-9139 Lisa Talpey, 275-0570 Mary Smith
- Fax: 273-1023
- In person: come to the ITS Center in Rush Rhees G112, but call or email first to make sure we have what you need.

If you think that the University would benefit from the coordinated purchase of software not listed here, please contact the site licensing group and they can look into the purchase.
