ESSAY QUESTION

We expect that you have given serious thought to the direction you would like your life to take, and to how an education at UR can help you fulfill your goals. In addition, because of your interest in the arts, science and/or engineering, we anticipate that you are aware of and interested in the ways these majors impact the world in which we live. Please write an essay in which you address both (a) the factors leading up to your choice of major, and (b) the societal impact you hope to have with your degree.

TERMS OF AGREEMENT

By submitting your application, you are indicating that all of the information contained within is complete and correct to the best of your knowledge. Additionally, you grant the Kearns Center permission to check all relevant academic and University records.
