

**I DECLARED  
MY MAJOR**

# WELCOME TO THE FAMILY!

**Some Optics graduates have taken these career paths:**

| <i><b>Job Title</b></i>   | <i><b>Employer</b></i>         | <i><b>Job Title</b></i>         | <i><b>Employer</b></i>           |
|---|--------------------------------|---------------------------------|----------------------------------|
| Division Counsel, Intellectual Property                         | Abbott Medical Optics          | Engineer                        | Minnesota Mining & Mfg. Co.      |
| Research Physicist  | Air Force Research Lab         | Senior Staff                    | MIT Lincoln Laboratory           |
| OEM Business Development Manager                                | Newport Corporation            | JWST Telescope Manager          | NASA Goddard Space Flight Center |
| Director, Global Product Management                             | Asyst Technologies             | Engineer                        | Naval Undersea Warfare Center    |
| Validation Manager  | Becton, Dickinson & Company    | Senior Optical Engineer         | Navitar Incorporated             |
| Technical Director  | Breault Research Organization  | Installation Supervisor         | NCCOSC RDT&E Div. San Diego CA   |
| Illumination Designer   |                                | Technical Writer                | Answer Technologies              |
| R&D Laser Engineer  | Continuum                      | Attorney, Intellectual Property | Yahoo Inc.                       |
| Manager, Component Metrology                                    | Corning Tropel Inc.            |                                 |                                  |
| Signal Integrity Engineer                                       | Dell Incorporated              | Field Test Manager              | Northrop Grumman                 |
| Pilot   | Delta Air Lines Foundation     | Optical Engineer                | OCLI/JDS Uniphase                |
| Director of Operations  | Goodrich ISR Systems           | CODE V Product Manager          | Optical Research Assoc.          |
| Distinguished Engineer & Director of Total Patterning Solutions | IBM Corporation                | Multi-Disciplined Engineer      | Raytheon Systems Corporation     |
| Optical Engineer  | Zin Technologies               | Senior Optical Engineer         | Real D                           |
| Test Engineer   | JDS Uniphase                   | CEO                             | Artillery Games                  |
| Principal   | Jet Propulsion Lab             | Founder                         | Savvy Optics Corporation         |
| VP  | Jolt Lighting Inc.             | Infrared Systems Analyst        | SEMCOR Inc.                      |
| Senior Electroptic Engineer                                     | Laser Diode Inc.               | DLP Home Entertainment          | Texas Instrument, Inc.           |
| Free-lance Writer/Editor  | Laser Focus World/Pennwell Pub | Physicist                       | Lawrence Livermore Natl. Lab     |
| CEO   | Laser Light Engines, Inc.      | Electronic Engineer             | USA Night Vision Lab             |
| Special Agent   | US Department of Justice       | CRM Technology Manager          | Walt Disney Internet Group       |
| Fiber Optic Engineer  | Lucent Technologies            | President & CEO                 | Xcitex Inc.                      |
| V.P. Quality  | Lucid, Inc                     | Optical Engineer                | Night Vision                     |
| Weapons Integration Engineer                                    | McDonnell Douglas Foundation   | Biomed. Prod. Develop. Manager  | Infotonics Technology Center     |
| Environmental Consultant  | Milone & MacBroom              | Applications Engineer           | Zygo Corporation                 |

# MAJOR DECLARATION CELEBRATION
