Admissions application web accessible

Prospective students can now check on the status of the various portions of their University applications by keying in http://www.cc.rochester.edu:80/admissions/RC/application.html on the World Wide Web.

Students just beginning to apply can also visit the site to learn about their University. “Naturally, we want to make it easy for prospective students to find out what they need to know about gaining admission,” said Wayne Locust, director of undergraduate admissions. “And many college-bound students like using computers to get information. We’ve tried to make it easy to find answers to the questions most people might have.”

Eventually, Locust adds, applicants may even be able to check the Web to find out whether they were admitted, and learn what aid they may be offered.

Applicants to the University’s William E. Simon Graduate School of Business Administration may also find out the status of their applications on the school’s home page. The address: http://www.ssb.rochester.edu.

Theater group to present Coriolanus

An original adaptation of Shakespeare’s powerful and politically volatile play Coriolanus will be presented by the Todd Theatre Troupe, University alumni actors.

Performances will be held in Todd Theater on the River Campus, at 8 p.m. from Thursday, April 25, through Saturday, April 27, and Wednesday, May 1, through Sunday, May 5. On Sunday, April 28, and Sunday, May 5, performances will be held at 3 p.m. and 8 p.m.

Developed by the Todd Theatre Troupe’s founder and artistic director, Mervyn Willis, this adaptation garnered enthusiastic reviews at its 1993 premiere as One Act Coriolanus at La MaMa ETC in New York City, where the troupe is based. The play’s extended version enjoyed a critically acclaimed off-Broadway run.

This production focuses on the dilemma of remaining true to one’s nature. The tragedy of Coriolanus is that, by remaining true to himself, he can play only one role, and this motif of role-playing takes complex issues that question the very basis of theater as an art form.

Admission is $5 for students, $6 for faculty, staff, and seniors, and $7 for the public. Tickets will be available at the Todd Theater Box Office and the Common Market in Wilson Commons beginning Monday, April 15. For more information, call the box office, x5-4088.

Spring to bring Mt. Hope Ave. detours

Mt. Hope Avenue, from Gregory Street just north of the Ford Street Bridge to Elmwood Avenue, is scheduled this spring for road improvements by the City of Rochester. The project will necessitate detours for those in the University community who usually travel this route.

The construction project is scheduled to begin in early May and last until Labor Day. Two-way traffic will be maintained on Mt. Hope until after the Lilac Festival, which ends May 19. At that time, northbound traffic (traveling from Elmwood to Ford Street) will be rerouted to South Avenue. Southbound traffic (traveling from Ford Street to Elmwood) will be maintained. Two routes will maintain stops. Detours will last through August.

When the project is complete, Mt. Hope Avenue will have two, 11-foot travel lanes, milled and resurfaced pavement, and new curbs, sidewalks, driveway aprons, water mains, trees, and street lights. Left-hand turning lanes will be provided on Mt. Hope at Highland Avenue southbound and also at McLean Street, northbound. Signalized intersections will remain at Ford Street, Cypress Street, and Elmwood Avenue.

Anyone with questions about the project, may call Dan Schied, University Facilities and Associates, Support Operations, who will be representing the University’s interests on this project. His phone number is x5-3615.

ID office schedules new card sessions

In the two months since the ID card conversion process began, more than 10,000 out of an expected total of 24,000 cards have been processed. Daily traffic at both ID card offices has decreased significantly.

New office hours, from 9 a.m. to 5 p.m. daily, are now in effect at the River Campus ID facility in Susan B. Anthony Hall, to speed the conversion process. The phone number for the River Campus Office is x5-3913.

Hours for the Medical Center ID office, Room G-8608, are from 7:30 a.m. to 4:30 p.m. May. The office is normally closed for lunch from 11:30 a.m. to noon. The phone number is x5-3329.

All returning students must have new ID cards by the end of this semester to participate in dining plans next fall. Students registering for fall classes April 15, 16, or 17 from 9 a.m. to 5 p.m. in the May Room, Wilson Commons, may have their new ID cards processed when they register.

In addition, extra ID sessions have been scheduled: Friday, April 5, 9 a.m. to 4 p.m., Suite 260, Towne House; Monday and Wednesday, April 8 and 10, 9 a.m. to 5 p.m., Eastman Living Center, Thursday, April 11, 10:30 a.m. to 5 p.m., Eastman Living Center, Friday, April 12, 9 a.m. to 5 p.m., Mazzarino-Mc; Eastman Main Building, Friday, April 19, 8 a.m. to 4 p.m., Room 4-

Although it seems winter will never end this year, undergraduates are actually doing their final sprint to the end of the spring semester. Dandelion Day is April 27, classes end May 6, and students are making good use of study carsels and other library hideouts.

Plan your week in the ROCHESTER/IRONDEQUOIT border, well-equipped for more than a decade, Clark became an associate professor of German in 1972, and associate dean in 1979. He returned to active teaching in 1983, but remained a tenured professor. He was succeeded by his wife, Margaret, and his five sons. Those wishing to make a memorial gift in Clark’s name may contribute to UNICEF or to the charity of personal choice.
