Job Title: Analyst/Programmer Senior Ref# 151823

Start Date: IMMEDIATE

GENERAL PURPOSE:

BRIEF DESCRIPTION OF DUTIES:

- Provides advanced support in analysis and applications programming related to Desktop Support within the Medical Center, as well as remote access sites. Employs project management skills to identify, clarify and provide user requirements and develop appropriate implementation strategies. Designs user policies, best practices and determines desktop configurations required to support them. The outcome promotes and efficient and cost-effective method for desktop services. Project management skills are necessary.

REQUIRED QUALIFICATIONS:

Bachelor's degree in computer science or related field, with two-three years related desktop experience, or an equivalent combination of education and experience.

Qualified candidates are to specify the job reference number, job title and location where posting was detected in the subject line of the cover letter. Please email your credentials (cover letter and résumé) in the preferred format—the file should be MS Word 2003 compatible. Email credentials to judie.myers-gell@rochester.edu.
