Eastman

International Alliance for Women in Music The International Alliance for Women in Music builds awareness of women's contributions to musical life through its publications, website, international competitions, conferences, concert promotion, and presentation, and through its support of entrepreneurial and publishing activities, scholarly research and publications, broadcasts, educational initiatives, and advocacy work.

The IAWM was incorporated in the USA in 1994, uniting three distinguished organizations; the International Congress on Women in Music, the American Women Composers, and the International League of Women Composers.
