

Global Visitor Program (GVP)

Visiting Scholar Arrival Checklist

Visit UR department

Upon arrival, the visiting scholar should go to the UR department and meet with the department coordinator and faculty host. It is helpful for the department to provide a campus map and a copy of Rochester magazine which has listings of restaurants, museums, and events to do throughout the year.

Check-in with ISO*

At check-in, the visiting scholar should bring their passport and DS-2019 document, these will be copied for ISO's records. The visitor will be asked to confirm their contact information and will be assigned a date and location for the Global Visitor orientation.

ISO's office is located in 213 Morey Hall on River Campus.

Set up NetID

The visiting scholar will not have an ID number, therefore in order for the visitor to set up a NetID the host department will need to request a [Guest Account](#) from IT.

Questions? Contact the [IT department](#).

Obtain ID Card

Because the visiting scholar will not have an ID number, the host department may have to complete an [ID Request Form](#) through the ID Card Office in order for the visitor to have an ID Card while at UR. *Contact the ID Card Office at the school for further information.*

*Excludes Domestic Visitors
