

A close-up photograph of several network cables (red, yellow, blue) plugged into a patch panel. The cables are connected to clear plastic RJ45 ports. The lighting is dramatic, with blue and purple hues.

# Security Tip of the Week

## Facebook Privacy Settings

Facebook's frequent policy changes and unclear privacy settings can be confusing. Privacy Defender can help manage this confusion by automatically configuring your Facebook privacy settings. Not only is it easy to use but it is FREE!

To access this application, go to <http://apps.facebook.com/privacydefender/>. Select your desired level of privacy protection and Privacy Defender does the rest.

Privacy Defender is made available by Reputation Defender, a leading comprehensive online reputation management and privacy company.

Faculty and Staff please follow your department's guidelines regarding use of social networking sites.
