NOTE TO FILE

To: Study File
Regarding Protocol (Name or #): $97531

From: Investigational Drug Service, University of Rochester
Subject: Destruction of expired and/or unused study drug.

On this date, 09 JAN 15, the IDS staff counted and then destroyed the following supplies.

<table>
<thead>
<tr>
<th>Drug Description</th>
<th>Quantity</th>
<th>Unit Description</th>
<th>Lot #</th>
<th>Reason for Destruction (expired, unused, etc.)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Study Drug 'A'</td>
<td>26</td>
<td>TABLETS</td>
<td>12345</td>
<td>EXPIRED</td>
</tr>
</tbody>
</table>

All products listed above were destroyed following UR standard practice of treating study drugs as “hazardous medical waste”. As such, all of these capsules were placed into “red biohazard” trash bags and disposed of onsite via incineration.

A copy of the applicable guideline is available from the IDS.
