

UNIVERSITY OF ROCHESTER

Research Subjects Review Board

RSRB FEE SCHEDULE

Effective June 1, 2010

The University of Rochester RSRB collects fees for the initial and continuing review of industry-sponsored research projects. These fees are charged for industry-supported proposals authored by university investigators, and any industry-sponsored, single patient use protocols containing a research objective. For federally or foundation funded, non-funded, or departmentally sponsored proposals, no fee is charged. A description of review fees follows:
