

STUDENT LIFE

Fudge Factor

CANDY ENGINEER: Kiara Medina '15 of Ridgewood, N.Y., sorts M&Ms as part of the process of making fudge for sale at the Common Market, the on-campus convenience store in Wilson Commons. She and Jessica Brogdon '16 of Watkins Glen, N.Y., were among this year's "candy engineers" at the market. In addition to making the gooey treat, holders of the competitive jobs help devise new flavor combinations and help plan fudge production and inventory for the store. PHOTOGRAPH BY ADAM FENSTER
