This Fall, enjoy the cool weather and the changing of the seasons by participating in the many outdoor activities and events on and off campus!

Rochester has many wonderful opportunities to be outside, such as apple picking, farm markets, corn mazes, farm activities, Fall hiking, pumpkin patches, and Fall Festivals. (See the event calendar on the last page for a few ideas)

Every Fall, the city is blanketed with leaves from approximately 70,000 public trees located along the city streets and in City Parks and Cemeteries. The City offers three methods of leaf collection:

- **Loose leaf collection:** residents may rake leaves into loose piles between the sidewalks and the curb (NOT into the street)) before the Monday of your scheduled pickup week. The [At Your Service Guide](#) from the City of Rochester contains the schedule for leaf pick-up. Check with your landlord to see if you are responsible for raking your leaves. Live outside the city-check the town website for pick-up dates and again, check with your landlord to see if you are responsible for raking.
- **Refuse collection:** residents may place bagged leaves at the curb for pick up on their regular refuse collection day.
- **Drop-off:** residents may drop off loose leave to the Materials Give Back Site to be composted. (see the At your Service Guide for more info)

Have a great October!

JOIN US THIS SATURDAY AS WE DISCUSS WHERE TO FIND OFF-CAMPUS HOUSING; WHAT TO DO WHEN YOU LEAVE FOR BREAK; HOW TO AVOID LANDLORD SCAMS; AND MORE. PROSPECTIVE AND CURRENT OFF-CAMPUS STUDENTS WELCOMED!
offcampus@reslife.rochester.edu
One of the biggest concerns of the permanent residents in the neighborhoods surrounding the University are the increased concentrations of student residents and their fondness of having large gatherings to socialize with their friends. Throwing a successful “Neighbor Friendly Party”:

- keep the party to a reasonable size
- know your guests and only allow people you know and trust into your home
- avoid parties during the week
- follow the Noise Ordinance: noise should not be audible beyond your property line between 10pm and 8am
- keep the party inside with windows and doors closed
- don’t serve underage guests
- provide non-alcoholic drinks and snacks so those who can’t or don’t want to drink can enjoy themselves
- discourage drinking games—they can get loud and dangerous
- don’t let your guests leave with a drink in their hand
- ensure that your guests don’t drink and drive
- be respectful and cooperate if the police investigate—remember, when you live off campus, you will be visited by the Rochester Police Department—not University Public Safety

Consequences for Violations:
- Public Urination—falls under “exposure of a person,” could be punishable with up to 15 days in jail for multiple offenses. And it’s disgusting and disrespectful.
- Public Intoxication—falls under “disorderly conduct,” in some instances a person is arrested under the Mental Hygiene Law and taken to the hospital. Punished similarly to public urination.
- Driving While Intoxicated (DWI) is a misdemeanor in NY for the first offense. The second offense is a felony. Both can be punishable by jail time, loss of license, probation, and/or fines.
- Serving alcohol to someone underage is a misdemeanor in NY, could be punishable with up to a year in jail.
- Possession of marijuana starts out as a violation and could be punishable with up to 15 days in jail.
- Violation of the Noise Ordinance start with a $200 fine and doubles for each instance thereafter.

Have Fun and Stay Safe This Halloween

“Kids” of all ages loves to celebrate Halloween. But, no matter where you are, fun and safety should be keywords to keep in mind. Here are a few tips to make your Halloween a positive experience:

- Create a theme for your gathering. Make sure to tell your guests in advance what the theme will be.
- Have prizes for best costume, scariest costume, best couple costume, etc... 
- Play games like apple bobbing, candy corn guessing, etc...
- Create a fun atmosphere by replacing a regular light bulb with an orange one.
- Create special Halloween snacks, such as:
  - Monster Toes
  - Black Halloween Punch

Halloween...

Also known as All Hallows’ Eve, is celebrated on October 31st, the eve of All Saints’ Day. It is commonly celebrated by children who dress in costume and solicit candy or other treats door to door.
Being a Good Neighbor...

No matter where you choose to live, chances are, you will have neighbors. Keep in mind that the way you maintain your home and your lifestyle will affect those around you. There are increased expectations and responsibilities that come with living in a neighborhood. It is important to familiarize yourself with your responsibilities as a citizen and neighbor, with the University’s expectations of you as an off-campus student, and with various local laws and resources that will assist you in living off campus. Good neighbors make life more positive. A good neighbor shows respect for the property, for the neighborhood, and for those living nearby. Working together as neighbors will improve the quality of life for all.

Below are some tips on Being a Good Neighbor...

- Meet your neighbors-get to know them. Be respectful of lifestyles that may be different than your own. Forming a relationship with your neighbors will encourage them to talk to you about an issue before consulting with authorities. Know the names and phone numbers of the residents immediately adjacent to your property.
- Noise is a common complaint. Noise should not be audible beyond your property line between 10pm and 8am (City’s Noise Ordinance).
- Clean up around the property that you live in. Know your trash pick-up days. Your garbage bins should not be out earlier than the night before trash pick-up day and must be put away within 24 hours after pick-up.
- Have social gatherings, not parties. If you are planning to have a party, tell your neighbors and provide them with a way to contact you in case there are complaints.
- Obey traffic/parking laws.
- Adjust your behavior and language around neighborhood children.

As a student, fire prevention and safety should be a high priority wherever you live. Recent tragedies in campus related housing demonstrate the need to be vigilant. When fire occurs, the effects can be devastating. OFPC urges all students to follow these practical Fire Safety Steps to protect themselves from fire.

---

**Where Do Fires Occur?**

Residential fires represent approximately 23% of all fires and 76% of structure fires. Each year fire kills more Americans than all natural disasters combined. At least 80% of all fire deaths occur in residential occupancies. In apartments, fires most often start in the following locations:

- Kitchen 25.5%
- Laundry Area 3.5%
- Bedroom 13.7%
- Bathroom 2.4%
- Living Room 8.6%

**Be Fire Safe Around Your Apartment**

Follow these simple safety tips and your apartment will remain fire safe.

- Insure a working smoke detector is installed on every level of your dwelling.
- If you use battery operated smoke detectors, change the battery every six months.
- Rehearse evacuations and designate groups for accountability once outside.
- Choose an area well away from the building to meet to account for all in your group.
- Install and know how to use a portable fire extinguisher in your kitchen area for small fires.
- When cooking, never approach an open flame while wearing loose fitting clothing.
- Don’t leave cooking items unattended and keep a tight fitting lid next to your pan.
- Ovens and cooking appliances are not designed to heat your apartment and should not be used for that purpose.
- Avoid the use of space heaters. If you feel you must use one, always use extreme caution. Keep space heaters at least 36” away from any combustible items like drapes, bed clothing, and furniture.
- Don’t overload electrical outlets and extension cords. Do not place electrical cords or extension cords under rugs, through doorways or in such a way they can become damaged.
- Avoid using candles or other items with open flames i.e. scented oil lamps, etc.
- If smoking is permitted in your apartment, large ashtrays should be provided and smoking should never be done in the bedroom. Ensure ashtrays are never emptied into a combustible container.
- Ensure doors and windows are operable so they can be used for escape.
- When holding a party, have a designated fire watch – someone to check furniture for dropped cigarette butts and to ensure candles have been extinguished before going to bed.
Fire Safety for Apartment Living

Regardless of cause, the activation of the building’s fire alarms system is an indication of an emergency and immediate and orderly evacuation of the building is essential. Upon discovering fire or smoke, remain calm.

The following steps should be carried out in order, if it is safe to do so, and if time permits:

1. Upon discovery of a fire, shout “FIRE” to alert those in your living space. If in doubt, get out! DO NOT FIGHT THE FIRE. As you exit the area, close all doors in the immediate vicinity to help confine the fire in the origin area if possible.

2. Check your door before opening it to make sure it is not hot and the fire is not on the other side. If you encounter smoke when leaving the building, stay as low to the floor as possible.

3. Sound the alarm. If your building is equipped with fire alarm pull stations, pull the handle in the fire alarm box closest to the location of the fire.

4. Dial 911 or report the fire by calling the Emergency Number of your local fire department. This number should be attached to every phone in your building.

5. If the building is not equipped with fire alarm pull stations, try to notify as many persons in the area of the emergency as possible if it is safe for you to do so. At a minimum, shout “FIRE” as you exit.

6. Individuals hearing the warning or seeing the fire should begin an orderly evacuation of the apartment building using safe means of exit.

7. If you become trapped in your room, hang something outside the window such as a sheet, curtain, etc., to warn firefighters you are still in the building.

8. Place wet towels around the top, sides and bottom of your apartment or room door.

9. Close any remaining doors if possible. This will help to reduce the movement of air to minimize the fire’s spread.

10. If your building hallway is equipped with fire separation doors, make sure they are never blocked to ensure their closure.

11. If your building is equipped with elevators, DO NOT attempt to use them during a fire or fire emergency.

12. When all persons have evacuated the building, they must remain outside and at a safe and clear distance away from the building. Have a central meeting place where everyone in your designated group is to gather and be accounted for. If all cannot be accounted for, DO NOT RE-ENTER THE BUILDING. Immediately notify firefighting personnel on the scene.

13. Regardless of cause, the activation of the building’s fire alarm system is an indication of an emergency and immediate and orderly evacuation of the building is essential.

When in doubt... get out! Do not fight the fire
Upcoming Events

University...

10/20: 7-9pm, Todd Theater: URPerforming 17: The Talent Edition IV-celebrate extraordinary performers from all disciplines in this UR Got Talent-format evening of student artists. Limited seating.

10/22: 6-7pm, Goergen Athletic Center Foyer, Paws for Stress Relief: Stop by to pet the dogs, pick up an inspirational quote, and make a lavender sachet

10/22: 6pm, Class of ’62 Auditorium, State Senate Candidate Forum: The League of Women Voters and URMC Medical Students would like to invite you to this forum to meet the State Senator candidates from both parties

10/26: 1-3:30: Scare Fair, spooky scavenger hunt followed by a trip to the top of Rush Rhees Library. Available for the first 300 participants

10/27: 7:30pm, Brass Choir Spooktacular, Strong Auditorium

U of R Featured Events

Rochester Area...

10/14-21, A Bronx Tale, Rochester Broadway Theater League

10/20: 10am-12pm, Fall Foliage Tour at Mt Hope Cemetery

10/26: 8-11pm, 21+ event, MAG Museum of the Dead

10/27: 9am, Pumpkins in the Park 5K

10/26-27, 6:30-9pm, The Landmark Society’s Ghost Walk

Anytime: Bristol Mountain Aerial Adventures, NY Museum of Transportation Fall Foliage Trolley Rides, Haunted Hayrides of Greater Rochester
