

# UNIVERSITY OF ROCHESTER • UNIVERSITY HEALTH SERVICE (UHS) Health Plan for Visiting Students

**For visiting students who will be at the University for more than 8 weeks.**

All visiting students who will be at the University of Rochester for more than 8 weeks are required to pay the mandatory health fee. This fee, which covers visits to the University Health Service (UHS) and the University Counseling Center (UCC), is \$9.70/week for the 2011-2012 academic year. You will need to bring your payment to the UHS Student Insurance Office, which is located in Room 204 in the UHS Building on the River Campus. If you have questions, please e-mail [insurance@uhs.rochester.edu](mailto:insurance@uhs.rochester.edu) or call 585-275-2637.

*In addition to the mandatory health fee*, you must have health insurance coverage. You must provide the University Health Service with information about your insurance company on this form.

**NOTE: If you will be studying at the University of Rochester 8 weeks or less, you do not pay the mandatory health fee** and you do not complete this form. You are welcome to come to the University Health Service for your health care while at the University of Rochester. You will be asked to pay for the cost of care received at the time of your visit.

The **mandatory health fee** covers the cost of visits to staff physicians, nurse practitioners, and registered nurses at the University Health Service (UHS). Students are asked to call 275-2662 to schedule appointments at UHS. The University Health Service has offices on the River Campus and in the Medical Center. The office on the River Campus is open 7 days/week during the academic year. During summers and school breaks, the office is open weekdays. The office in the Medical Center is open weekday from 8:00 a.m.-5:00 p.m. throughout the year (except Tuesdays when the office opens at 9:00 a.m.). See the UHS web site for locations and specific hours. A UHS physician is on-call and available by phone from home for urgent concerns that cannot wait until the office re-opens.

**Note:** The mandatory health fee is not the same as health insurance. It does not cover services usually covered by health insurance, such as hospitalization, surgery, and diagnostic x-rays and lab testing. Payment of the mandatory health fee provides coverage for visits to health care providers at the University Health Service (UHS) and the University Counseling Center (UCC). It does not cover visits to other health care sites.
