# UR STUDENT NEWSLETTER

## Cutover Has Begun, vol. 6

*This bulletin has been designed to help you prepare for UR Student user activities as the system is prepared for production use. A copy of all UR Student Newsletters will be located on the UR Student Project Newsletter page.* Our next update will be provided Friday, January 31st.

### UR STUDENT PROJECT STATUS

- The UR Student Cutover window for Records & Advising has begun!

- Schools should start keeping track of any changes they make in the legacy SIS so that they can "catch up" with these transactions when UR Student is live on Monday, February 17th.

- **The deadline for wrapping up all Fall 2020 curriculum activity in R11 is 9pm, Friday, January 24th.** At that time, this tenant will be frozen and the data will be moved into production. The schools will not have access to UR Student - either in production or R11 - during the cutover window (1/24 through 2/16).

**PLEASE NOTE:** The only administrators working in UR Student are registrars, course administrators, and staff assisting with data cleanup activities. Students, instructors, advisors and other records administrators will cutover starting in February. The Bursar's Office and Student Finance personnel will be impacted starting July 2020.

### UPDATES

- The Project Champions have worked with the project team to develop a timeline for the rollout of UR Student across all the schools. The timeline highlights key events (such as the Mock Registration event in early March) and key business processes, such as Onboarding and Registration.  To review the rollout plan, click here.

- Curriculum Management activities are on track.
