Important Information to Know

**Number of Courses (Tuition Benefits for Employees)**

The limit of two courses (one for part-time staff at the UR) applies to all courses taken at a given time, whether at the U of R or other colleges or universities.

In all cases, the University will not provide tuition benefits for the same course retaken to improve one’s grade.

For courses taken at the U of R, an incomplete will be allowed for up to six months if the course is successfully completed by the end of the six-month period and eligibility has been maintained by the faculty or staff member.

**Number of Semester/Quarters (Tuition Benefits for Dependent Children)**

For dependent children tuition benefits (including the grandparented portable tuition plan for dependent children), the maximum benefit is four years of full-time undergraduate study, not to exceed a total of 8 semesters or 12 quarters (including summer semesters or quarters) at other institutions and/or the University of Rochester, per child.

**Service Requirement**

For all Tuition Benefit Plans, the service requirement must be met by the faculty or staff member as of the start date of the course. For all Tuition Benefit Plans except the 10-years of service Dependent Children Tuition Waiver Benefit, service will be prorated for faculty and staff members who have changed status from part-time to full-time or vice versa.

For employee tuition benefits, service requirements may be met by service at another college, university or UR-affiliated teaching hospital that offered an employee tuition benefit plan for which the faculty or staff member was eligible.

For the 50%/25% Dependent Children Tuition Waiver Benefit, service requirements may be met by service at another college or university that offered a tuition benefit plan for dependent children for which the faculty or staff member was eligible.

For the 10-years of service Dependent Children Tuition Waiver Benefit, service requirements may be met by full-time service at another college or university that offered a tuition benefit plan for dependent children for which the faculty or staff member was eligible.

- The ten years of full-time service requirement must be met by the faculty or staff member as of the start date of the course.

To receive credit for service at another college, university or UR-affiliated teaching hospital that offered a tuition benefit plan for which the faculty or staff member was eligible, complete the Tuition Benefits Service Credit Form available online at [www.rochester.edu/benefits/tuition/service_credit](http://www.rochester.edu/benefits/tuition/service_credit).

**Dependent Tuition Benefit for First-time, First Year Students**

- If your dependent child completed one semester at another college (even if the child is willing to not transfer any credits to the University), your dependent child would not be eligible for the 10-years of service Dependent Children Tuition Waiver Benefit. However, your dependent child may be eligible for the 50% benefit if you satisfy the eligibility criteria for the benefit under the tuition benefit plan.

- If your dependent child enrolled for one semester either at the University or another college, but withdrew from all courses, your dependent child would be eligible for the 10-years of service Dependent Children Tuition Waiver Benefit if he/she begins undergraduate education at the University of Rochester if you satisfy the eligibility criteria for the benefit under the tuition benefit plan.
If your dependent child took only one college course during the summer (e.g. to brush up on a subject) prior to beginning his/her undergraduate education at the University, your dependent child would be eligible for the 10-years of service Dependent Children Tuition Waiver Benefit when he/she begins undergraduate education at the University of Rochester, if you satisfy the eligibility criteria for the benefit under the tuition benefit plan.

**Multiple Eligibility Status**

A faculty or staff member who is also the grandfathered spouse/domestic partner or dependent child of a faculty or staff member may apply for tuition benefits as the dependent child, the grandfathered spouse/domestic partner, or the employee — whichever is the most beneficial to the individual. However, the tuition benefit for more than one category cannot be combined for the same individual at any one time. (Also see Tuition Benefits for Employees, Grandfathered Spouses/Domestic Partners and Dependent Children.)

For dependent children tuition benefits, when both parents are U of R faculty or staff member, only one parent may apply for the tuition benefit whichever is most beneficial to the child. The maximum benefit is four years of full-time undergraduate study, not to exceed a total of 8 semesters or 12 quarters (including summer semesters or quarters) at other institutions and/or the University of Rochester, per child.

**Continuation of Enrollment**

For employee and grandfathered spouse/domestic partner tuition benefits, tuition for non-credit dissertations, theses, and continuation of enrollment at the U of R will be covered by tuition benefits for a maximum of one semester, per individual.

Tuition for “leave of absence from a program of academic study” at the U of R will not be approved for tuition benefits.

Application for employee reimbursement of tuition for non-credit dissertations, theses, continuation of enrollment, and “leave of absence from a program of academic study” at outside schools will not be approved for tuition benefits.

**Calculation of Tuition Benefit Plan Payment and Other Financial Aid**

Tuition waiver and reimbursement benefits are provided for the cost of tuition for credit-bearing and eligible non-credit courses and certification/recertification exams only. Tuition waivers will be calculated based on the appropriate approved percentage and rounded to the nearest dollar. Cost of supplies, textbooks and the like will not be covered. For the Tuition Reimbursement benefit, courses taken at other colleges and universities, non-credit bearing courses taken at the University of Rochester or at other colleges or universities and certification/recertification exams will be reimbursed 70% upon receipt of proof of payment, proof of course/exam cost, and evidence of successful completion of the course/exam. In no instance is an employee eligible for more than a total of 2 courses/certification/recertification exams per semester or quarter.

For the Tuition Reimbursement benefit, other financial or scholarship aid that does not have to be repaid by the faculty or staff member (i.e., grants) will be deducted from the tuition cost prior to calculating the 70% tuition reimbursement. Other financial aid (i.e., loans) will not affect the calculation of the University’s tuition reimbursement benefit. In no circumstance may the combination of the University’s tuition benefit and the tuition-restricted assistance exceed the cost of tuition for the semester or quarter.

**Taxability of Employee Tuition Benefits**

Ordinarily, graduate tuition assistance benefits and/or tuition reimbursement for non-credit courses up to $5,250 in a calendar year are not taxable. Graduate tuition assistance benefits and/or tuition reimbursement for non-credit courses that exceed $5,250 in a calendar year are **taxable wages unless** the course satisfies the requirements for a tax deductible job-related course under IRS rules.* Generally, a job-related course will satisfy these IRS requirements if it **maintains or improves skills for the individual’s present job, or if the course meets the employer’s express**
requirements for retaining the job, and the course is not part of a program that will qualify the individual for a new trade or business. If you believe that your proposed graduate level course(s) and/or non-credit course(s) satisfies the requirements for a tax deductible job-related course under IRS rules, please complete the University of Rochester Graduate Tuition Waiver/Reimbursement Tax Exemption Form on page 5 of the Employee Tuition Waiver/Reimbursement application available online at www.rochester.edu/benefits/tuition (Please see Appendix B for a flow chart for Determination Whether Graduate Tuition Assistance Benefits and/or tuition reimbursement for non-credit courses Exceeding $5,250 in a Calendar Year are Taxable). Return the application and the University of Rochester Graduate Tuition Waiver/Reimbursement Tax Exemption Form (if applicable) to the Office of Human Resources at Brooks Landing, Box 278955. If the University of Rochester Graduate Tuition Waiver/Reimbursement Tax Exemption Form is not received within 30 days from the start of the course(s), you will be taxed on the course(s).

For taxable tuition benefits, applicable Federal and State income taxes and FICA taxes (approximately 42.27% of the taxable tuition amount) will be deducted from the employee’s paycheck when the waiver is approved or the reimbursement is paid to the employee. In addition, the taxable income will be reflected on the W-2 for the calendar year when the actual tuition benefit is posted to the student’s account or reimbursed to the employee. If you determine that your proposed graduate level course(s) and/or non-credit course(s) do not satisfy the requirements for a tax deductible job-related course under IRS rules, and you wish to manually calculate how much tax will be withheld from your paychecks(s), please see the Graduate Tuition Assistance Benefits and/or Tuition Reimbursement for Non-Credit Courses Taxation Worksheet available online at www.rochester.edu/benefits/tuition.

* If you worked at one of the members of the University’s controlled group during this calendar year (Highland Hospital, Highlands at Brighton, Highlands at Pittsford, Highlands Living Center, UR Medicine Home Care (VNS), Visiting Nurse Signature Care, High Tech Rochester, Nicholas H. Noyes Memorial Hospital, and Jones Memorial Hospital), and utilized employee tuition benefits, please advise the University’s Benefits Office of the amount of that tuition benefit.

Taxability of Grandfathered Spouse Tuition Benefits

The employee will have imputed income equal to the value of the tuition benefit provided by the University for graduate courses. Applicable Federal and State income taxes and FICA taxes (approximately 42.27% of the tuition amount) will be deducted from the employee’s paycheck when the waiver is approved and the taxable income will be reflected on their W-2 for the calendar year when the actual tuition credit is posted to their grandfathered spouse’s account.

Taxability of Grandfathered Domestic Partner Tuition Benefits

The employee will have imputed income equal to the value of the tuition benefit provided by the University for undergraduate and graduate courses, even if the grandfathered domestic partner is a tax dependent. Applicable Federal and State income taxes and FICA taxes (approximately 42.27% of the tuition amount) will be deducted from the employee’s paycheck when the waiver is approved and the taxable income will be reflected on their W-2 for the calendar year when the actual tuition credit is posted to their grandfathered domestic partner’s account.

Taxability of Tuition Benefits for Children of Domestic Partners

The employee will have imputed income equal to the value of the tuition benefit provided by the University for undergraduate courses, even if the dependent child is a tax dependent. Applicable Federal and State income taxes and FICA taxes (approximately 42.27% of the tuition amount) will be deducted from the employee’s paycheck when the waiver is approved and the taxable income will be reflected on their W-2 for the calendar year when the actual tuition credit is posted to their dependent child’s account.

Audited Courses

Courses taken for audit will not be approved under the tuition benefits plan.
Courses Required by the Supervisor

For hourly paid staff required by the supervisor to take a job-related course, class time will be considered working time, and will be paid as such. If a course occurs outside the normal work hours, pay will be required for class time, including overtime premium if work exceeds 40 hours in a work week.

Courses During Working Hours

A course required as part of an approved degree program or a course directly related to the current position or related to a future career interest or position may be taken during work hours if not available at other times, provided it is approved by the employee’s supervisor. Individuals released for courses during work hours will be expected to make up the time.
How Your Coverage Is Affected

When You Retire…

Full-time faculty/staff retirees will be eligible for a 70% tuition waiver benefit for two credit-bearing courses in each relevant semester or quarter at the University of Rochester. Part-time staff retirees will be eligible for a 70% tuition waiver benefit for one credit-bearing course in each relevant semester or quarter at the University of Rochester. Ordinarily, graduate tuition assistance benefits up to $5,250 in a calendar year are not taxable. However, graduate tuition assistance benefits that exceed $5,250 in a calendar year are taxable wages and the imputed income will be reported on a Form 1099 each year the benefit is received.

Eligibility for the reduction in charges for musical instruction through the Eastman School of Music Community Education Division ends on the date of retirement.

Eligibility for grandfathered spouse/domestic partner tuition benefits ends on the date of retirement. Should retirement occur during a semester/quarter, the benefit will be pro-rated for that semester/quarter.

Dependent children of retired faculty and staff remain eligible for tuition benefits, regardless of whether they had begun college before you retired. Please see page 10 for tax implications for dependent children of grandfathered domestic partners.

If you Terminate or Change to an Ineligible Status…

If a faculty or staff member terminates employment or changes to an ineligible status, eligibility for employee tuition benefits ends on the date of termination or change. (Active employment in an eligible status must be maintained through completion of the course. If this criterion is not met, the employee will be responsible for payment of the course and any related fees.)

If a faculty or staff member terminates employment or changes to an ineligible status, eligibility for grandfathered spouse/domestic partner or dependent children tuition benefits ends on the date of termination or change. (Active employment in an eligible status must be maintained through completion of the course(s). If this criterion is not met, the benefit will be pro-rated for that semester/quarter.

If you Become Disabled…

When a faculty or staff member is receiving payments under the Sick Leave Plan for Short-Term Disability, eligibility for employee, grandfathered spouse/domestic partner or dependent children tuition benefits is continued.

During the first six months that a faculty or staff member is receiving Workers’ Compensation payments, eligibility for employee, grandfathered spouse/domestic partner or dependent children tuition benefits is continued.

During Long-Term Disability, employee, grandfathered spouse/domestic partner or dependent children tuition benefits for an individual who has met service requirements prior to being approved for benefits under the University Long-Term Disability (LTD) Plan can be claimed during the approved period of long-term disability as though the individual were actively at work. For completion of service requirements for tuition benefits, time on an approved period of long-term disability does not count.

If you are on an Unpaid Leave of Absence (including the unpaid portion of a Short-Term Leave of Absence)…

During an Unpaid Leave of Absence, employee and grandfathered spouse/domestic partner tuition benefits are suspended.

During an Unpaid Leave of Absence, dependent children tuition benefits are not interrupted.
If you are on a Paid Leave of Absence (including the paid portion of a Short-Term Leave of Absence)…

Tuition benefits for employees, grandfathered spouses/domestic partners or dependent children are not interrupted during the employee’s paid Leave of Absence.

If you are on FMLA…

Tuition benefits for employees, grandfathered spouses/domestic partners or dependent children are not interrupted during the employee’s portion of Leave under the FMLA.

If you are on a Layoff and Recall…

During Layoff and Recall, employee, grandfathered spouse/domestic partner or dependent children tuition benefits for an individual who has met service requirements prior to layoff can be claimed during layoff as though the individual were actively at work. For completion of service requirements for tuition benefits, time on Indefinite Layoff does not count. Time on Temporary Layoff not later changed to Indefinite Layoff does count toward service requirements for those on regular full-time or part-time status immediately prior to layoff.

If you Die…

Eligibility for tuition benefits will continue for children of deceased faculty, staff, and retirees provided the faculty or staff member or retiree had completed ten or more years of active service at the time of death.

For faculty, staff, and retirees, who had not completed ten or more years of active service at the time of death, tuition benefits for dependent children will continue to completion of a collegiate program [not to exceed a total of 8 semesters or 12 quarters (including summer semesters or quarters)] that commenced prior to the date of death.

NOTE: Tuition Benefits for dependent children of a deceased faculty, staff member or retiree are non-taxable if the dependent child is under age 25 and BOTH parents are deceased. If one parent is living, the benefit will be taxable to the dependent child, and the imputed income will be reported on a Form 1099 each year the benefit is received.

The University administers the Tuition Benefit Plans and has sole discretionary authority to interpret the Tuition Benefit Plans, to make eligibility and benefit determinations, and to make factual determinations in connection with any of the Tuition Benefit Plans. The determinations of the University are final and binding.

The Tuition Benefit Plans are to be construed, administered, and governed by the laws of the State of New York except to the extent superseded by the Internal Revenue Code or other federal law.
Definition of Terms

The following terms are used to define eligibility for participation in the plan:

Appointment: The action which begins a relationship with the University in a specific position, such as a member of the faculty; the period during which such a relationship is in effect.

Continuous employment: Actively at work in a position eligible for the full range of University Benefit Plans. Absences due to Leave of Absence or Layoff would be included in determining continuous employment.

Dependent child: An employee's son, stepson, daughter, stepdaughter, adopted child, child placed with the employee for adoption by an authorized placement agency, or eligible foster child placed with the employee by an authorized placement agency or by judgment, decree, or other order of a court, who the employee can claim as a dependent on his or her federal tax return under Code §152. Generally, a child of divorced or separated parents can be treated as a dependent of both parents provided that the child receives more than 50% of his or her support from either or both parents combined and the child has the same principle residence as is in the custody of either or both parents for more than one-half of the year (temporary absences to attend school do not affect the child's primary residence). It also includes a son, stepson, daughter, stepdaughter, adopted child, child placed with the individual for adoption by an authorized placement agency, or eligible foster child placed with the individual by an authorized placement agency or by judgment, decree, or other order of a court, of a domestic partner/same-sex spouse who the domestic partner/same-sex spouse can claim as a dependent on his or her federal tax return under Code 152.

Full-time: For hourly staff: a regular weekly work schedule of at least 35 hours; for professional, administrative, and supervisory staff: a weekly work schedule of 40 hours or more; for faculty: a normal full teaching and research load as defined for the faculty by the college or school concerned.

Layoff (indefinite): An indefinite suspension of University employment because of reduction of staff or elimination of a position for more than four months or for unspecified duration, not over one year.

Layoff (temporary): A layoff that equates to a temporary suspension of University employment because of reduction of staff or elimination of a position with the expectation of return to work within four months of the day the layoff begins.

Leave of Absence: An approved absence which does not end, but does change, the appointment relationship. Leave may be for research or study, to permit a visiting appointment elsewhere, for personal reasons, or for disability.

Part-time: A regular weekly or monthly schedule which is less than that required for full-time status but generally not less than 17.5 hours per week in the case of hourly and professional, administrative, and supervisory staff. For faculty it indicates that the individual carries at least half the normal (full) teaching and research load as defined for faculty by the college or school concerned.

Regular: A period of appointment in hourly and professional, administrative, and supervisory positions that is expected to exceed four months, unless otherwise defined in collective bargaining agreements; period of appointment for faculty-instructional staff that is at least one year (or one academic year) or, if shorter, is expected to be renewed. Appointments primarily for furthering education (for example, graduate assistant) are not considered “regular” appointments.

Rehired: For purposes of determining Post-Retirement Benefits, “rehired” is defined as an Appointment to a position that is eligible for the full-range of University Benefit Plans from an Appointment that was not eligible for the full range of University Benefit Plans or following Termination or Retirement.
Retirement or Retire: ending of Appointment (whether voluntary or involuntary) at normal retirement age (as defined by the University of Rochester Retirement Program) or beyond after having met the ten-year service requirement or,

- Regular Full-Time and Part-Time faculty and staff Hired or Rehired prior to 1/1/96 at an earlier age if the individual has reached age 55 and has met the ten-year service requirement. (The ten-year service requirement may be met by cumulative employment at the University or another higher education institution).

- Regular Full-Time and Part-Time faculty and staff Hired or Rehired 1/1/96 and thereafter at an earlier age if the individual has reached age 60 and has met the ten-year service requirement. (The ten-year service requirement may be met by cumulative employment at the University or another higher education institution, as long as there is Continuous Employment at the University for the immediate 5 years prior to Retirement).

Once Retired, Post-Retirement Benefits continue to be based on status, age, and years of service at the time of initial Retirement, even if the Retiree returns to work. There is no adjustment to the Grandparent Level, years of service, or age calculation to determine the level of Post-Retirement benefits based upon Post-Retirement Rehire and employment. However, in the event a Retiree returns to work and becomes eligible for Health Care Plan coverage, Dental Plan coverage, and/or University-paid Basic Term Life insurance coverage because the Retiree has satisfied the eligibility criteria for active employees to participate, the Retiree will be limited to the active employee options, and will become ineligible for the post-retirement benefit options.

Spouse: Your current spouse, if your marriage was valid in the state or country where it was performed.*

* An employee’s domestic partner can have the same or opposite gender as the employee; provided that the employee and his/her domestic partner must satisfy all of the following criteria:

- Have an exclusive mutual commitment, similar to that of marriage;
- Are each other’s sole domestic partner and intend to remain so indefinitely;
- Neither partner is legally married under a marriage recognized by state or federal law;
- Are not related by blood to a degree of closeness which would prohibit legal marriage in the state in which the partners legally reside;
- Are at least eighteen (18) years of age and are legally competent to contract;
- Are currently residing together and have resided together in a common household for at least six (6) consecutive months and intend to reside together indefinitely. The residency requirement can be suspended for up to twelve (12) months when a spouse or partner resides in a different geographical area on a temporary basis.
- At least six (6) months have elapsed since the Benefits Office has received a Statement of Termination of Domestic Partnership from either partner; and
- Share joint responsibility for the partners’ common welfare and financial obligations demonstrated by: (a) the existence of a domestic partner agreement

   (a) qualifying domestic partnership agreement is a legally binding agreement between two individuals creating personal and financial interdependence, i.e., joint and several liability for each other’s debts and expenses, responsibility for mutual care, etc.); and
(b) at least two other items showing joint responsibility, such as joint bank accounts, joint deed, mortgage agreement or lease, joint credit account or other liability, joint ownership of a motor vehicle, designation of domestic partner as primary beneficiary for life insurance or retirement contract(s), designation of domestic partner as primary beneficiary of will, durable power or health care power of attorney, co-parenting agreement, or an adoption agreement.

**Temporary:** A period of appointment in hourly and professional, administrative, and supervisory positions of not over four months, unless otherwise defined in collective bargaining agreements; period of appointment for faculty-instructional staff of less than one year (or one academic year) and for which renewal is not expected.

**Termination:** An ending of appointment for reason other than retirement.

University of Rochester Graduate Tuition Waiver/Reimbursement Benefits
Determination Whether Graduate Tuition Assistance Benefits and/or Tuition
Reimbursement for Non-Credit Courses Exceeding $5,250 in a Calendar Year are Taxable

1. About this Chart: Ordinarily, employer-provided graduate tuition assistance benefits and/or tuition reimbursement for non-credit courses that exceed $5,250 are taxable wages, while benefits up to $5,250 are not taxable. However, certain job-related education is not taxable over $5,250. This chart is intended to assist in determining whether an educational benefit sought by an employee meets the exception to taxability. This does not constitute tax advice to employees, and employees should consult their personal tax advisors.

2. Minimum Required Education: For example, suppose an employee, who holds a bachelor's degree, obtains temporary employment as an instructor at the University and undertakes graduate courses as a candidate for a graduate degree. Also, suppose the employee may become a faculty member only if he/she obtains a graduate degree and may continue as an instructor only so long as he/she shows satisfactory progress towards obtaining his/her graduate degree. The graduate courses taken by the employee constitute education required to meet the minimum educational requirements for qualification in the employee’s trade or business and, thus, the expenditures for such courses in excess of $5,250 are not deductible.

3. New Trade or Business. For example, a program of study qualifies an employee for a new trade or business if successful completion of the program would qualify the employee to: (1) meet a new category of professional licensure or certification required to perform a particular job (e.g. nurse practitioner certification); or (2) be employed in a position that has a different educational requirement than his/her current position, either within or outside the University. NOTE: Intention or actual job change is irrelevant; even if the employee does not intend to change positions, or does not take a new position, the tuition benefit is taxable if the employee becomes qualified to do so.
UNIVERSITY OF ROCHESTER
CLAIMS AND APPEALS PROCEDURES FOR NON-PENSION BENEFITS

ELIGIBILITY CLAIMS PROCEDURES

Any participant (employee) or beneficiary (dependent), or an authorized representative acting on behalf of a participant or beneficiary, may assert a claim for eligibility. Throughout this section, any of these individuals are referred to generically as a “Claimant.”

The following procedures shall apply if a Claimant is inquiring about eligibility to participate in a Program. These rules do not apply if a Claimant is also claiming the right to receive benefits under a Program rather than just inquiring about eligibility. If a Claimant is also filing a claim for benefits, the Claimant shall use the Benefits Claims Procedures that apply to the particular Program under which the claim is being brought, as described in the following section.

A. Determination of Benefits

A claim for eligibility must be submitted to the University of Rochester Benefits Office (the “Benefits Office”) in writing. The Benefits Office will generally notify the Claimant of its decision within 90 days after it receives the claim. However, if the Benefits Office determines that special circumstances require an extension of time to decide the claim, it may take an additional 90 days to decide the claim. If an extension is needed, the Benefits Office will notify the Claimant, in writing and before the end of the initial 90-day period, of the special circumstances requiring the extension and the date by which the Benefits Office expects to render a decision.

B. Notification of Adverse Claim Determination

If the claim is denied in whole or in part, the Benefits Office will provide the Claimant, within the time period described above, with a written notice of the denial. The notice will be written in a manner calculated to be understood by the Claimant and will include:

- the specific reason(s) for the denial;
- references to the specific Plan provisions upon which the benefit determination is based;
- a description of any additional material or information necessary for the Claimant to perfect a claim and an explanation of why such information is necessary; and
- a description of the Plan’s appeals procedures and applicable time limits, including the right to bring a civil legal action under ERISA (if applicable) if the claim continues to be denied on review.
C. Appeal of Adverse Claim Determination

If the claim for eligibility is denied by the Benefits Office, the Claimant may submit a written appeal to the Manager of the Benefits Office (the “Manager”) requesting a review of the decision. The written appeal must be submitted within 60 days of the Claimant receiving the initial adverse decision. The written appeal should clearly state the reason or reasons why the Claimant disagrees with the Benefits Office’s decision. The Claimant may submit written comments, documents, records and other information relating to the claim even if such information was not submitted in connection with the initial claim for benefits. Additionally, upon request and free of charge, the Claimant may have reasonable access and copies of all Plan documents, records and other information relevant to the claim.

The Manager will generally decide an appeal within 60 days. If special circumstances require an extension of time for reviewing the claim, the Claimant will be notified in writing. The notice will be provided prior to the commencement of the extension, describe the special circumstances requiring the extension and set forth the date the Manager will decide the appeal, which date will be no later than 60 days from the end of the first 60-day period.

D. Notification of Decision on Appeal

If the claim on appeal is denied in whole or in part, the Claimant will receive a written notification of the denial. The notice will be written in a manner calculated to be understood by the Claimant and will include:

- the specific reason(s) for the adverse determination;
- references to the specific Plan provisions on which the determination was based;
- a statement that the Claimant is entitled to receive upon request and free of charge reasonable access to, and make copies of, all records, documents and other information relevant to the Claimant’s benefit claim upon request; and
- a statement describing the voluntary alternative dispute resolution options that may be available by contacting the U.S. Department of Labor, and the right to bring a civil legal action under ERISA (if applicable).

CLAIMS FOR BENEFITS

The following procedures apply for claims for benefits described in this booklet.

A. Determination of Benefits

Claims for benefits described in this booklet shall be submitted to the University of Rochester Benefits Office (the “Benefits Office”) in writing. The Benefits Office will generally notify the Claimant of its decision within 90 days after it receives the claim. However, if the Benefits Office determines that special circumstances require an extension of time to decide the claim, it may obtain an additional 90 days to decide the claim. Before obtaining this extension, the Benefits Office will notify the Claimant in writing, and before the end of the initial 90-day period, of the special circumstances requiring the extension and the date by which the Benefits Office expects to render a decision.

B. Notification of Adverse Claim Determination

If the claim is denied in whole or in part, the Benefits Office will provide the Claimant with a written notice of the denial. The notice will be written in a manner calculated to be understood by the Claimant and will include:

- the specific reason(s) for the denial;
- references to the specific Plan provisions upon which the benefit determination is based;
- a description of any additional material or information necessary for the Claimant to perfect a claim and an explanation of why such information is necessary;
- a statement that the Claimant is entitled to receive upon request and free of charge reasonable access to, and make copies of, all records, documents and other information relevant to the Claimant’s benefit claim upon request; and
- a description of the Plan’s appeals procedures and applicable time limits, including the right to bring a civil legal action under ERISA (if applicable) if the claim continues to be denied on review.

C. Appeal of Adverse Claim Determination

If the claim is denied in whole or in part, the Claimant may submit a written appeal to the Manager of the Benefits Office (the “Manager”) requesting a review of the decision. The written appeal must be submitted within 60 days of receiving the initial adverse decision. The appeal should clearly state the reason or reasons why the Claimant disagrees with the Benefits Office’s decision. The Claimant may submit written comments, documents, records and other information relating to the claim even if such information was not submitted in connection with the initial claim for benefits. Additionally, upon request and free of charge, the Claimant may have reasonable access and copies of all Plan documents, records and other information relevant to the claim.

The Manager will generally decide an appeal within 60 days. If special circumstances require an extension of time for reviewing the claim, the Claimant will be notified in writing. The notice will be provided prior to the commencement of the extension, describe the special circumstances requiring the extension and set forth the date the Claims Reviewer will decide the appeal, which date will be no later than 60 days from the end of the first 60-day period.
D. Notification of Decision on Appeal

If the claim on appeal is denied in whole or in part, the Claimant will receive a written notification of the denial. The notice will be written in a manner calculated to be understood by the Claimant and will include:

- the specific reason(s) for the adverse determination;
- references to the specific Plan provisions on which the determination was based;
- a statement that the Claimant is entitled to receive upon request and free of charge reasonable access to, and make copies of, all records, documents and other information relevant to the Claimant’s benefit claim upon request; and
- a statement describing the voluntary alternative dispute resolution options that may be available by contacting the U.S. Department of Labor, and the right to bring a civil legal action under ERISA (if applicable).

VOLUNTARY APPEAL PROCEDURES

To the extent the Plan’s or a Program’s claims procedures include a voluntary level of appeal, the Plan:

- waives any right to assert that a Claimant has failed to exhaust administrative remedies because the Claimant did not elect to submit a benefit dispute to any such voluntary level of appeal provided by the Plan or Program;
- waives any right to assert that a Claimant has failed to exhaust administrative remedies because the Claimant did not elect to submit a benefit dispute to any such voluntary level of appeal provided by the Plan or Program;
- agrees that any statute of limitations or other defense based on timeliness is tolled during the time that any such voluntary appeal is pending;
- declares that a Claimant may elect to submit a benefit dispute to such voluntary level of appeal only after exhaustion of the mandatory appeals permitted by ERISA claims regulations;
- shall provide to any Claimant, upon request, sufficient information relating to the voluntary level of appeal to enable the Claimant to make an informed judgment about whether to submit a benefit dispute to the voluntary level of appeal, including a statement that the decision of a Claimant as to whether or not to submit a benefit dispute to the voluntary level of appeal will have no effect on the Claimant's rights to any other benefits under the Plan or Program and information about the applicable rules, the Claimant’s right to representation, the process for selecting the decisionmaker, and the circumstances, if any, that may affect the impartiality of the decisionmaker, such as any financial or personal interests in the result or any past or present relationship with any party to the review process; and
- shall not impose any fees or costs on the claimant as part of the voluntary level of appeal.

You may not commence a judicial proceeding against any person, including the Tuition Benefit Plans, the Plan Administrator, the University, the Benefits Office, or any other person without first exhausting the claims procedures set forth above. If you have exhausted these procedures and are dissatisfied with the decision on appeal of a denied claim, you may bring an action in an appropriate court to review the Plan Administrator’s decision on appeal, but only if the action is commenced no later than the earlier of (1) the applicable statute of limitations, or (2) the first anniversary of the Plan Administrator’s decision on appeal.

The University reserves the right to modify, amend or terminate the plans at any time, including actions that may affect coverage, cost-sharing, or covered benefits, as well as benefits that are provided to current and future retirees. For example, there may be such changes as reducing the coverage of a plan, requiring employee contributions, or increasing or decreasing benefit levels. If one or more plans are terminated, the termination will not affect those benefits that are being paid to employees prior to the termination but there will be no benefits paid to those who would have become entitled to payment after the date of termination. Payment of benefits, if any, is made from the University's general assets.
