

VOLUNTEER **IMPACT REPORT**

FISCAL YEAR 2024

There are thousands of University volunteers serving in a variety of ways and, together, they are making a difference. In partnership with each other and University leaders—from the College to the Eastman School of Music and from the Medical Center to the Memorial Art Gallery—volunteers are helping to advance the mission to Learn, Discover, Heal, Create—and make the world ever better.

397 helped find the best and brightest students in support of University admissions efforts.

320 helped advocate for University philanthropy initiatives.

“

In essence, being a member of the University of Rochester Black Alumni Network is about fostering connections, supporting each other, advocating for positive change, and leaving a lasting impact on the University’s community and beyond. It’s a way to promote a sense of legacy to the institution while actively preserving alumni ongoing history and honoring our experiences and contributions.”

UR COMMUNITY

Volunteers in Partnership are celebrated and supported.

THE BIENNIAL VOLUNTEERS IN PARTNERSHIP LEADERSHIP CONFERENCE RETURNED IN JUNE 2024 with a slate of powerful, memorable, and influential programs.

With this being the strongest conference yet, over 250 attendees—both domestic and international—connected with each other, heard from our distinguished faculty, and learned about meaningful topics affecting the University and one another. Centered around four learning objectives—the student perspective, One University, engagement, and philanthropy—attendees were also able to customize their schedules based on desired volunteer leadership competencies that they wanted to build. This event was a tremendous success due to our conference steering committee, comprised of 31 individuals, and over 80 conference volunteers—including speakers, tour guides, career coaches, and event hosts.

“

The sessions were so informative and full of useful advice and life lessons. Listening to other people’s journeys, mentalities, and experiences was inspirational. I met so many alumni who I aspire to be like and have a portion of the impact they have.”
