NEW DANCE MAJOR!

Our program offers a BA in Dance. Students looking to major in dance can choose from two concentrations outlined below.

CONCENTRATION IN CREATIVE EXPRESSION AND PERFORMANCE

This program is comprised of at least 50 credits. This program is flexible enough that students can choose to focus on Western dance forms such as contemporary modern dance and contemporary ballet, or world dance forms such as those from the African Diaspora that might include West African dance, capoeira, Zimbabwean dance, hip hop and jazz.

CONCENTRATION IN DANCE STUDIES

The dance studies concentration is comprised of at least 38 dance credits and incorporates two or three courses from another discipline into the dance major. Many students choose to combine their studies in a second major with the dance studies major in order to explore interdisciplinary applications.

MINORS & CLUSTERS

The Program Dance and Movement offers two minors, one in Dance and one in Movement Studies. The program also offers four clusters, all of which are in the humanities academic division.

Performance opportunities, guest artist workshops, our annual inspireDANCE Festival and collaboration through multi-disciplinary work are open to all!

For more information, please contact the Program of Dance and Movement at (585)-273-5150, or visit our website at sas.rochester.edu/dan
