Activity Registration Updates & Best Practices

As a reminder, all Student Organizations who are planning activities must abide by all of the Activity Registration Policies. Please submit your activities through CCC early and on time! If you are unsure how to submit an Activity Registration, check out this how-to video.

Additionally, if you need to review your Activity Registration:

- Within your "My Activity Menu" select "My Surveys/Forms."
- Locate the form submission you would like to review.
- Click the three dots on the right side of the submission, then select "view." Do not select the hyperlink.
- Once you have reviewed, do not hit "Save" - simply close or exit from the screen.
indicate in the CCC chat what changes were made.

Lastly, if your Activity Registration submission has been placed into a Requires Modifications status, you must edit your submission by going through your "My Activity Menu" - not through your Organization's dashboard. This will ensure your submission is resubmitted, rather than saved.

**Administration & Review Committee Updates**

**Re-Registration:**

We have heard the growing concern related to unfilled officer positions and low membership numbers. With that being said, the initial deadline to complete re-registration has been extended to 11:59 p.m. on Monday, September 27th.

For College Student Organizations, the two required officer positions are the President and the Business Manager. Does your Organization have a vacant Business Manager position? It is very important that this position is filled within CCC to ensure communication is occurring with the SOFO office. If other executive board positions are filled, and the Business Manager is vacant, we are asking that the Vice President take on this role. To record this accurately in CCC, you will need to set your official position as the Business Manager, and your Custom Position as Business Manager and Vice President. If the President is the executive board member holding both positions, they should be listed as President in CCC and an Exception Form for a SOFO Policy should be submitted.

If for any reason your Organization is unable to meet the re-registration requirements by the extended deadline, you must complete an Exception Form for an ARC Policy no later than 11:59 p.m. on Monday, September 27th.

Sexual Misconduct Training
In compliance with New York State Education Law 129B, all Student Leaders at the University of Rochester are required to complete training regarding how to recognize and respond to instances of sexual misconduct. The training is administered online by a company called EVERFI. All Student Leaders need to complete the training by the required due date. Students who do not complete the training by the deadline will not be allowed to participate in organization activities, will have organization privileges revoked, and will not be able to reserve spaces through VEMS - until the requirement is satisfied.

This training will not be on Blackboard, MyPath, or JobLink. Instead, keep an eye on your email - including the spam/junk folder. A unique link will be sent to each individual student starting Tuesday, September 7th.

Medallion Program Workshops
As an initiative of the Office of the Dean of Students, the Medallion Program is a flexible three-tiered program which provides workshops, interactive activities, and personal reflection to develop leadership capabilities. Student Organizations can request any workshop for their
in the Medallion Program to attend. Email the Medallion Program if your Organization is interested in co-sponsoring one of these workshops!
