Students:

What to do if . . .

. . . you are exposed to someone with COVID-19?

Do you have symptoms now?

NO

Fully vaccinated and boosted OR
Fully vaccinated but not eligible for a booster
• No quarantine.
• Wear a mask around others for 10 days (indoors and outside).
• If symptoms arise at any time, report them to Dr. Chat Bot and get tested.

OR

Not fully vaccinated OR
Fully vaccinated and eligible for a booster but not boosted
• You will need to quarantine.
• If symptoms arise at any time, report them to Dr. Chat Bot and get tested.

YES

Report symptoms to Dr. Chat Bot and get tested.

. . . you test positive for COVID-19 . . .

either through a lab-confirmed test or an at-home test?

Report positive test result to University Health Service
(585) 275-2662, uhscovid19@uhs.rochester.edu
• You will need to isolate.
• You may end isolation 5 full days after you test positive if you have never experienced symptoms OR 5 days after the onset of symptoms if you are fever free for 72 hours without the use of fever-reducing medication and other symptoms have improved. Continue to wear a mask whenever you are around other people for another 5 days.
• Those whose symptoms have not improved may need to isolate for the full 10-day period.

Questions?
rochester.edu/coronavirus-update/

If you are experiencing symptoms suggestive of COVID-19, but do not have a known exposure to COVID, report symptoms on Dr. Chat Bot and await instructions.
