

GEORGE EASTMAN CIRCLE SCHOLARSHIPS

You can help qualified and deserving students pursue their dreams of a world-class music education.

Throughout its history, Eastman has recruited talented students from around the world, admitting them based on their musical and intellectual potential, not their financial resources. When you create one of these scholarships, 100% of your contribution goes to a specific student each year.

Increased scholarship funding will afford the very best musicians the freedom to launch their musical careers. These outstanding and diverse musicians motivate and inspire each other, as well as the worldclassfaculty who serve as their mentors.

By investing in Rochester students through scholarships, you are fostering a strong lineage of researchers, artists, educators, and future leaders who will make an impact on the world.

Supporting scholarships through your George Eastman Circle membership

- By pledging \$5,000 or more annually to Eastman School of Music scholarships, for five years, you will be connected with a student studying at the Eastman School of Music.
- The scholarship you create can be established in your name, or in the name of someone you wish to honor.
- George Eastman Circle members who create an Eastman Scholarship will also be invited to the University of Rochester's annual Celebration of Scholarships, and will have the opportunity to meet the students who benefit from scholarship support.
