We warmly invite you to join us and other Rochester parents, who share our vision for an ever-growing Rochester education, to become members of the Parents Council and the George Eastman Circle. Parents play a vital role in the life of the University. Through involvement on the Parents Council, you can meaningfully impact the quality of education and enhance the collegiate experience for your child and his or her fellow students.

The Parents Council is a group of leadership parents who volunteer their financial support and, where possible, their time to assist various admissions, career guidance and mentoring programs, and who attend and host events for the College. As leadership donors, Parents Council members support critical programs directly impacting and enhancing the quality of their student’s college experience. We believe in the Rochester motto “Meliora,” which means “ever better.”

The Parents Council of the College recognizes parents who support the University with an annual gift of $1,500 or more. Parents Council members who commit to a five-year unrestricted pledge of $1,500, or more, are also recognized as George Eastman Circle members. As a Parents Council and George Eastman Circle member, your gift helps shape the future of the University and the lives of all those it serves. Through your involvement and generous support, you too can be a part of providing critical budget-expanding annual funds to make Rochester “ever better.”
