“Renewing our Charter membership, and stepping up to the next level of support, was a great way to increase our connection to and engagement with the University of Rochester. The George Eastman Circle is really growing, and to see the kind of impact it makes is impressive. When you see people joining, who still have kids at the University, it speaks volumes about the kind of experience they’re having. It’s a powerful testimony.”

—Dr. Drew Mittelman ’68 P’05 and Maureen Adduci P’05 Regional Chair, Boston George Eastman Circle Council
