SERVICE AWARDS

UNIVERSITY *of*  
ROCHESTER

STAFF RECOGNITION

During a year when our resilience was repeatedly tested, we persevered. The critically important work of the University and the Medical Center carried on thanks to you—our dedicated staff and faculty. You are reaching your service milestone in a year that will always be remembered as one of the most consequential of our time. Your combined many decades of service are worthy of celebration and recognition, but perhaps even more notable is the way we came together this year for the benefit of the University, for the greater Rochester community, and for each other. Thank you for your continued dedication and commitment to making the world ever better. Congratulations.
