WELCOME TO THE UNIVERSITY OF ROCHESTER

At the University of Rochester, we value our employees and recognize that you are our greatest asset. Working at the University has value beyond compensation, including a robust retirement plan, wellness opportunities, tuition waivers, a home ownership program, family care options, and more.

We encourage you to carefully review the Benefit Program Guide for an overview of the benefits available to you, enabling you to enroll in the plans that best fit the needs of you and your family. The information provided in this packet is a summary of the benefits available to you. Full Summary Plan Descriptions (SPD) are available on the Total Rewards website (rochester.edu/totalrewards). Paper copies are also available from the Office of Total Rewards upon request. If there are any differences between this guide and the SPD, the SPD will govern.

The University reserves the right to modify, amend, or terminate these plans at any time, including actions that may affect coverage, cost-sharing, or covered benefits, as well as benefits that are provided to current and future retirees.

This guide is intended for distribution to active members of SEIU at the University of Rochester. If you are a University of Rochester faculty member, staff member, resident, fellow, postdoctoral associate, or postdoctoral fellow, please contact the Office of Total Rewards for a separate packet that details the benefits available for your job classification.
The University is officially the Plan Sponsor for all of the plans detailed in this guide. A University Plan Administrator, appointed for each plan, is the person (or group) whom you may write or call for further information.

FLEXIBLE SPENDING ACCOUNTS

The University offers two spending account options to help you save on taxes when you have eligible health care, dental, and/or dependent care expenses. If you participate, you choose how much to contribute for the Plan Year, up to the funding maximum. Each pay period your contributions are automatically deducted from your paycheck in equal amounts - before taxes - and deposited into your flexible spending account (FSA), managed by Lifetime Benefit Solutions. Then, when you incur an eligible expense, you are reimbursed from your account. Since you are using tax-free money to pay for your eligible expenses, you reduce your taxable income, save on taxes, and increase your take-home pay.

ELIGIBILITY

The University of Rochester offers regular full- and part-time staff who are members of SEIU the option to contribute to two types of FSAs:

- Health Care FSA
- Dependent Care FSA

What is a Dependent Care FSA?

The Dependent Care FSA is designed to help you reduce your taxes while you pay for dependent care expenses that permit you and your spouse/domestic partner to work outside the home or to attend school on a full-time basis. The Dependent Care FSA generally covers day care expenses for:

- Children under age 13 and
- A mentally or physically impaired spouse/domestic partner or a dependent who is incapable of caring for himself or herself (for example, an invalid parent) who lives with you at least eight hours a day.

ENROLLMENT

You can enroll in an FSA online using HRMS within 30 days of your hire date. To enroll:

1. Log on to HRMS (rochester.edu/people) using your NetID.
2. Follow the path, Main Menu > Self Service > Benefits > Benefits Enrollment.
3. Make your FSA elections.
4. You will receive a confirmation email once you successfully enroll.

FSA elections will be effective on the 1st of the month following your date of hire, or on your date of hire if that occurs on the 1st of the month. When electing your Health Care and/or Dependent Care FSA contribution amount for 2023, keep in mind that you may only change this amount during the year if you experience a qualifying status change. Additionally, electing to contribute to a Health Care FSA during the annual Open Enrollment period will allow you to rollover eligible Health Care FSA funds from the previous year. Please refer to the FSA page on our website for more information on FSA rollover policies.

If you do not enroll during your initial 30-day enrollment period, your FSA coverage will be defaulted to waived (no coverage). You will have another opportunity to enroll during the annual open enrollment period, generally occurring during the Fall. Outside of open enrollment, you can only enroll in or change your FSA contributions if you experience a qualifying event or a HIPAA Special enrollment period. A detailed list of qualifying events is provided in Appendix A of the Health Program Guide.

Complete details on the FSA options offered and rollover eligibility can be found on rochester.edu/totalrewards/health. Individuals represented by collective bargaining agreements receive benefits in accordance with those agreements.

---

1 2023 funding maximums can be found on the Total Rewards website at rochester.edu/totalrewards/health.
2 Consult IRS Publication 502 for information on whether an expense qualifies as an eligible medical, dental, or health-related expense for a Health Care FSA, and IRS Publication 503 for a complete list of Dependent Care FSA qualified expenses.
LONG-TERM DISABILITY

The Long-Term Disability (LTD) Plan for members of SEIU Bargaining Units provides a monthly income benefit when an individual is totally disabled for more than six months. The benefit provided by the Plan is equal to 60% of your covered annual salary, less the sum of benefits from other sources, (e.g., Social Security, Workers’ Compensation or Short-Term Disability Program payments) up to a maximum covered annual salary of $70,000. The amount of annual salary that qualifies as “covered annual salary” depends on whether you elect Limited LTD coverage or Full LTD coverage.

ELIGIBILITY

Eligibility for Long-Term Disability Insurance includes regular full- and part-time staff who are members of SEIU 1199 Upstate-SMH and SEIU Local 200 United-River Campus, upon completion of one year of service with the University, provided the individual is actively at work on the date of eligibility. The one-year service requirement is waived for individuals who apply for coverage within three months after leaving another employer-sponsored group long-term disability plan which guaranteed income benefits for at least five years during disability (you must complete the Prior Employer-Sponsored Group LTD Coverage Credit Form to receive this credit).

Individuals represented by collective bargaining agreements receive benefits in accordance with those agreements.

LIMITED LONG-TERM DISABILITY INSURANCE

Limited LTD Insurance provides income protection for 60% of your annual salary, up to a maximum covered annual salary of $30,000, when an individual is totally disabled for more than six months. For full-time staff, Limited LTD Insurance is paid for entirely by the University. Part-time staff who choose Limited coverage pay a premium for LTD Insurance for each $1,000 of covered annual salary, up to $30,000.

FULL LONG-TERM DISABILITY INSURANCE

In addition to the Limited LTD Insurance, staff members may elect Full LTD Insurance through payroll deduction. Full LTD Insurance provides income protection for 60% of annual salary, up to a maximum covered annual salary of $70,000, when an individual is totally disabled for more than six months. Part-time staff who choose Full coverage pay a premium for each $1,000 of covered annual salary, while full-time staff who choose Full coverage pay a premium for each $1,000 of covered annual salary above $30,000.

ENROLLMENT

If you do not choose Full LTD Insurance within 30 days of hire/eligibility and later wish to add this coverage, you must submit a statement of health for approval by the insurance company.

1. Log on to HRMS (rochester.edu/people) using your NetID.
2. Follow the path, Main Menu > Self Service > Benefits > Benefits Enrollment.

If you do not enroll during your initial 30-day enrollment period, your long-term disability coverage will be defaulted to:

- Full-time staff members: Limited Long-Term Disability Insurance
- Part-time staff members: Waived (no coverage) for Long-Term Disability Insurance

Complete details on the University of Rochester’s Long-Term Disability Plan can be found on rochester.edu/human-resources/benefits/leave-disability.

VSP VISION CARE PLAN

Few people enjoy a comfortable retirement by accident. It takes careful thought and planning, based on one’s own situation. The University’s Retirement Program can—through its 403(b) Plan—help you meet your retirement goals in two ways:

**Your own Voluntary Contributions** – You choose, within the limits set forth in the Internal Revenue Code, the amount you wish to contribute to the Retirement Program on a voluntary basis, and whether you wish to make your contributions on a pre-tax basis, Roth after-tax basis, or a combination of both.

**The University’s Direct Contributions** – The University will make a Direct Contribution to the Retirement Program on your behalf each Plan Year (July 1–June 30) if you satisfy the eligibility requirements.

You decide how your Voluntary Contributions and the University’s Direct Contribution are invested among a selection of professionally managed funds.

**ELIGIBILITY**

The two parts of the Retirement Program have separate eligibility requirements:

**Voluntary Contributions**
As an employee of the University, you may elect to make Voluntary Contributions as soon as you are hired, however, you are not allowed to participate if you are a student whose employment is incidental to your education at the University.

**University’s Direct Contribution**
If you are a regular full- or part-time staff member, the University will make a Direct Contribution on your behalf after two years\(^1\) of service.

Note: You are not eligible to receive the University’s Direct Contribution if you are a departmental fellow, intern, resident, fellow, postdoctoral fellow, postdoctoral research associate, postdoctoral teaching fellow, EDC associate, non-GFT clinical faculty, visiting faculty, adjunct/ per session faculty, part time assistant coach, leased employee, or student whose employment is incidental to your education at the University.

---

\(^1\) For eligibility purposes, a year of service means a 12-month period starting with the date you commence employment and any anniversary date thereof during which you complete 1,000 or more hours of service.

\(^2\) If this form is received more than 90 days after your appointment to the University or your change to an eligible status, it will not be processed retroactively.
RECORDKEEPER

TIAA is the selected recordkeeper for the Retirement Program. The term “recordkeeper” refers to a financial company responsible for keeping the records and accounts of a retirement plan and its participants. The recordkeeper will administer the funds and provide account statements, integrated investment advice/education, and plan distributions for participants.

YOUR VOLUNTARY CONTRIBUTIONS

If you elect to make Voluntary Contributions, the contributions will be automatically deducted from your paycheck based on the contribution amount that you choose. You may change or stop the percentage or dollar amount that you elect for your Voluntary Contributions anytime during the year. Voluntary Contributions can be made in one of the two ways listed below or a combination of both:

Pre-Tax 403(b)
- Contributions are deducted from your gross wages before income taxes and deductions are calculated.
- Reduces your taxable income by the amount of your Voluntary Contributions (meaning you pay less in income taxes). However, Voluntary Contributions are still subject to Social Security and Medicare taxes.
- Gives you a tax break now by lowering your current taxable income. You don’t pay taxes on your contributions or any earnings until you take the money out, typically in retirement.

Roth After-Tax 403(b)
- Contributions are deducted from your paycheck after your income is taxed, which does not lower your current taxes.
- When you decide to take money out of your account, withdrawals of Roth after-tax contributions are generally tax-free since you have already paid taxes on the contributions. Additionally, you won’t pay taxes on any earnings from your Roth after-tax contributions.

Contribution Limits

Your Voluntary Contributions to the Retirement Program may be made in any amount up to the IRS limits imposed by the Internal Revenue Code. In general, for calendar year 2023, your own Voluntary Contributions may not exceed $22,500. However, if you will be age 50 or older by the end of the year, your Voluntary Contribution limit can be increased by an additional $7,500 (for a total of $30,000).

EDUCATIONAL WEBINARS

Visit TIAA.org/webinars for a schedule of TIAA’s upcoming webinars, with topics ranging from “Investing in Your Future” to “Living in Retirement.”

1 Earnings on your Roth after-tax Voluntary Contributions are not taxed as long as you withdraw the money when you’re at least age 59 (or die or become disabled) and your withdrawal is made at least five years after making your first Roth after-tax contribution (the five-year period begins on the first day of the year in which you make the first contribution to your Roth after-tax account.)
**THE UNIVERSITY’S DIRECT CONTRIBUTION**

In addition to your own Voluntary Contributions, the University makes a Direct Contribution to the Retirement Program on your behalf once you are enrolled and have met the two-year service requirement. Effective July 1, 2022 - June 30, 2023 the University’s Direct Contribution is 6.2% of eligible compensation, up to a breakpoint of $63,100, then 10.5% of eligible compensation in excess of the breakpoint, up to the IRS compensation limit of $305,000.

<table>

</thead>
<tbody>
<tr>

</tbody>
</table>

Breakpoint: $63,100²  IRS Limit: $305,000³

**INVESTING**

The 403(b) Plan offers you three strategies to invest for retirement:

<table>
<thead>
<tr>
<th>STRATEGY 1</th>
<th>STRATEGY 2</th>
<th>STRATEGY 3</th>
</tr>
</thead>
<tbody>
<tr>
<td>One-Step Investing (Target Date Funds)</td>
<td>Mix Your Own – Select Choice (Passively and actively managed funds and annuities)</td>
<td>Self-Directed Brokerage Account (SDBA)</td>
</tr>
</tbody>
</table>

You can choose a target date fund offering a diversified retirement portfolio in a single fund. Target date funds offer a convenient way to have your retirement savings professionally managed, broadly diversified, and automatically rebalanced. With a target date fund, you only need to select the fund closest to the year of your expected retirement, and the fund's managers do the rest. Each target date fund consists of underlying mutual funds that invest in a broad range of stocks and bonds. Over time, the fund automatically readjusts the mix of investments to reduce the level of risk as you move through your career and into retirement.

**Best for:** Investors who want to leave investment allocation decisions to professional fund managers.

You can create your portfolio by choosing options from the Retirement Program’s core investments. These investment choices cover the major asset classes—equities, fixed income, real estate, guaranteed, and money market—providing building blocks for a diversified retirement portfolio. You also have access to “active” funds (managers select underlying investments with the goal of outperforming the general market and/or a market index) and “passive” funds (managers attempt to mirror the performance of a specific market index, such as the S&P 500 Index). Passive funds generally have lower operating costs than active funds due to less active trading.

**Best for:** Investors who believe the funds on the new menu offer good long-term growth opportunities and want some ability to choose their own investments.

Available from TIAA Brokerage Services, the SDBA lets you invest up to 95% of your contributions in thousands of mutual funds from hundreds of fund families not available on the core menu. An SDBA can give you greater flexibility to diversify and manage your portfolio.

**Best for:** Sophisticated investors who want to assume responsibility for selecting investments among a large range of choices and closely monitoring their portfolio.

---

¹ Eligible Compensation means gross wages, defined below. Eligible compensation shall not include any amount in excess of the limit imposed by Code Section 401(a)(17) as of the start of each Plan Year. Gross wages means the total remuneration reported in Box 1 of Form W-2 that is paid to a participant for personal services actually rendered, plus the participant’s pre-tax elective deferrals under the University’s 403(b) and cafeteria plans, but excluding wellness incentives, tuition assistance, taxable relocation assistance, sign-on bonuses, severance benefits and forms of extra remuneration not related to actual services.

² This breakpoint amount applies to the Plan Year commencing July 1, 2022 and will be indexed annually for subsequent Plan Years based on national changes in average wages.

³ The IRS limit will be indexed in $5,000 increments.
Your Investment Menu
Your investment menu consists of a wide range of mutual funds from well-known financial providers. The choices give you the flexibility to create a retirement portfolio that’s aligned with your investment preferences and goals. More information on these funds, including performance, can be found at TIAA.org/rochester under “Investment Options.”

You may allocate the University’s Direct Contribution and your own Voluntary Contributions among the same or different funds. You may also change your future allocations as often as you wish. Changing the investment of your existing accounts is subject to the terms of the investment fund which holds these accounts.

ENROLLMENT
Automatic enrollment in pre-tax Voluntary Contributions at 3% begins 60 days after hire if you do not elect to contribute a different amount. Effective July 1, 2020 your salary deferral election will increase 1% annually on the anniversary of your hire date to maximum of 15%. You may elect to change or stop Voluntary Contributions at any time by going to TIAA.org/rochester.

1 “Regular” means a period of appointment in hourly and professional, administrative, and supervisory positions that is expected to exceed four months, unless otherwise defined in collective bargaining agreements; period of appointment for faculty-instructional staff that is at least one year (or one academic year) or, if shorter, is expected to be renewed. Appointments primarily for furthering education (for example, graduate assistant) are not considered “regular” appointments.
**Gross Wages:** the total remuneration in Box 1 of Form W-2 that is paid to a Participant for personal services actually rendered, plus the Participant’s pre-tax elective deferrals under the University’s 403(b) and cafeteria plans, but excluding wellness incentives, tuition assistance, taxable relocation assistance, sign-on bonuses, severance benefits, and forms of extra remuneration not related to actual services.

**Hired:** for purposes of determining post-retirement benefits, “hired” is defined as an appointment to a position that is eligible for the full range of University Benefit Plans.

**In-Network**—Doctors, hospitals, or other health care facilities that are affiliated with the TPA you have selected. When you use a doctor, hospital, or other health care facility that is in-network, your out-of-pocket costs are lower, because these providers have agreed to accept discounted rates in return for your use of their services and because the benefit coinsurance is higher.

**Out-of-Network**—Doctors, hospitals, or other health care facilities that are not affiliated with the TPA you have selected. When you use a doctor, hospital, or other health care facility that does not participate in the network, your out-of-pocket costs are higher, because these providers have not agreed to accept discounted rates and because the benefit coverage is generally lower.

**Regular:** Period of appointment in nonexempt and/or professional, administrative and supervisory (PAS) job classifications that is expected to exceed four months, unless otherwise defined in collective bargaining agreements; period of appointment for faculty — instructional staff that is at least one year (or one academic year) or, if shorter, is expected to be renewed. Appointments primarily for furthering education (for example, graduate assistant) are not considered “regular” appointments.

**Spouse:** means the employee’s current spouse, if the marriage was valid in the state or country where it was performed.

**University Benefit Plans:** employee benefit plans sponsored by the University of Rochester, including Long-Term Disability Plans (Plan 504, 512, or 521), Group Life Insurance (Plan 505), Travel Accident Insurance (Plan 506), Health Care Plans (Plan 509 or 517), Employee Assistance Program (Plan 515), Dental Plans (Plan 518), Long-Term Care Plan (Plan 519), Lifestyle Management Program (Plan 520), and Retirement Program (Plan 003)
1. Receive information about your plan and benefits
   - Examine, without charge, at the Plan Administrator’s office all documents governing the plan, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor.
   - Obtain copies of all documents governing the operation of the plan and other plan information upon written request to the Plan Administrator, including insurance contracts, copies of the latest annual report (Form 5500 Series) and an updated summary plan description. The Administrator may make a reasonable charge for the copies.
   - Receive a summary of the plan’s annual financial report. The Plan Administrator is required by law to furnish you with a summary of the plan’s financial report.
   - Obtain a statement telling whether you have a right to receive a pension at normal retirement age and if so, what your benefits would be at normal retirement age if you stop working under the Retirement Program now. If you do not have the right to a pension, the statement will tell you how many more years you have to work to get a right to a pension. This statement must be requested in writing and is not required to be given more than once a year. The Retirement Program must provide the statement free of charge.
   - Reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another plan. You should be provided a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage, you may be subject to preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

2. Prudent Action by Plan Fiduciaries
   In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the plan. The people who operate your plan, called “fiduciaries” of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

3. Enforce Your Rights
   If your claim for a benefit is denied in whole or in part you must receive a written explanation of the reason for the denial. You have the right to have the plan review and reconsider your claim.

   Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request materials from the plan and do not receive them within 30 days, you may file suit in a federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court. If it should happen that plan fiduciaries misuse the plan’s money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

4. Assistance with Your Questions
   If you have any questions about a plan, you should contact the Office of Total Rewards or the University Plan Administrator. If you have any questions about this statement or about your rights under ERISA, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

   Although this statement emphasizes your right to bring a lawsuit or to seek Labor Department assistance, it is highly unlikely that disputes will require such action. However, if a situation occurs that simply is not covered by a plan, the claims review procedure should be able to meet the needs of any employee. In extreme cases, if legal action seems necessary, the University Plan Administrator has been designated as the agent for service of legal process.
IMPORTANT NOTICE REGARDING THE WELL-U WELLNESS PROGRAM

The medical components of the Well-U program (which include the Personal Health Assessment which consists of the online health survey 1, the online health survey 2, and a biometric screening, lifestyle management program, condition management coaching, and Behavioral Health Partners) are a grouping of voluntary wellness programs available to all employees enrolled in the University of Rochester's Health Care Plan. Other components of Well-U, such as UR Medicine EAP and Wellness Programs, are available to all University employees regardless of Health Care Plan enrollment.

The Well-U program also offers financial rewards for employees, spouses, and domestic partners enrolled in a University Health Care Plan who participate in voluntary health management programs, as described below.

The Well-U program is administered in compliance with federal laws—including the Americans with Disabilities Act (ADA), the Genetic Information Nondiscrimination Act (GINA), the Health Insurance Portability and Accountability Act (HIPAA), and the Affordable Care Act (ACA), among others—which permit employees to sponsor wellness programs that seek to improve employee health or prevent disease. This notice is intended to comply with requirements of those laws and to explain your legal rights and how your health information will be protected.

Program Components and Financial Rewards

The Well-U Personal Health Assessment (PHA) program includes the online health survey 1, the online health survey 2, and a biometric screening program. The PHA's online health survey 1 asks a series of questions about your household and demographic information, health-related activities and behaviors, personal satisfaction and stress, physical activity levels, nutritional habits, sleep habits, and health goals. The PHA's online health survey 2 inudes a series of questions about whether you have or had certain medical conditions (e.g., cancer, diabetes, high cholesterol, heart disease, high blood pressure, pulmonary disease, depression or anxiety, low back pain, allergies, or stroke). The PHA program also offers on-site biometric screenings, which will include your height, weight, body mass index (BMI), abdominal girth, heart rate, and blood pressure as well as cholesterol and glucose levels (which requires a finger prick to obtain a small sample of blood).

The information from your online health survey 2 and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks and may also be used to offer you services through other components of the Well-U program, such as lifestyle management, condition management coaching, or Behavioral Health Partners. You also are encouraged to share your results or concerns with your own doctor. The results of your biometric screenings will be entered into your electronic health record, where they can be accessed by your personal physician for treatment purposes (if your physician participates in the University's network).

Enrolled employees, spouses, and domestic partners who complete the completely voluntary online health survey 1 will receive a taxable cash incentive of $125. Participants are not required to complete the online health survey 2 or participate in the biometric screenings. No financial incentive will be paid for completing the online health survey 2 or participating in the biometric screening. Enrolled children are not eligible to participate in the PHA's online health survey 1 or the online health survey 2 nor the biometric screening, nor are they eligible for the cash incentive.

Additional cash incentives of up to $200 may be available for enrolled employees, spouses, and domestic partners who participate in certain health management activities. Employees, spouses, and domestic partners may each earn $100 for completion of a lifestyle management program and an additional $100 for completion of a condition management coaching program.

Lifestyle management program options include individual programs for cholesterol management, nutrition, physical activity, or tobacco cessation and group programs for weight loss, stress reduction, mindfulness-based stress reduction, physical activity, and healthy lifestyles.

The condition management coaching program helps employees manage certain chronic health conditions, including asthma, atrial fibrillation, congestive heart failure, chronic obstructive pulmonary disorder, coronary artery disease, depression coaching & self-management, diabetes, high blood pressure, high cholesterol, low back pain, stroke, and weight loss. Eligible participants enrolled in a University Health Care Plan who are managing one or more of the chronic conditions listed above through the condition management coaching program may also qualify for reduced copays for their medications while actively participating in the condition management coaching program as well as for the remainder of the calendar year. The condition management prescription drug copay discount program (Rx/Dx) provides participants with a discount of their eligible prescription drug copay to treat these conditions or comorbid conditions under the University Health Care Plan. The condition management prescription drug copay discount program applies to eligible drugs only for Asthma, Coronary Artery Disease, Diabetes, Heart Failure, and High Blood Pressure condition management coaching programs. Participants in the HSA-Eligible Plan are not eligible for this discount until after meeting the deductible and before meeting their out-of-pocket maximum. 4822-8406-9713.1

There are no direct cash incentives for seeing a Behavioral Health Partners (BHP) provider (for treatment of stress, anxiety, or depression), but employee cost sharing is generally waived for BHP providers as part of the health plan design (except that employees enrolled in the HSA-Eligible Plan must first satisfy the plan deductible). If you are unable to participate in any of the activities required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting the University Office of Total Rewards at (585) 275-2084. Recommendations of your personal physician will also be accommodated.

Protection from Disclosure of Medical Information

The information you share in the Well-U program is kept confidential and is protected by several laws, including HIPAA and the Americans with Disabilities Act, as well as the University's internal policies.
Although the Well-U program and the University may use aggregate information it collects to design a program based on identified health risks in the workplace, the Well-U program will never disclose any of your personal information either publicly or to the parts of the University considered to be your employer (except as necessary to respond to a request from you for a reasonable accommodation needed to participate in the wellness program or as expressly permitted by law). Medical information that personally identifies you that is provided in connection with the Well-U program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

The information you share in the Well-U program will be used only to promote your health and may be forwarded to your personal physician or to other University health plans for purposes of treatment, payment, and health care operations. Specifically, the University of Rochester Health Care Plan (including the lifestyle management program, the condition management coaching program, Behavioral Health Partners, and Accountable Health Partners) and UR Medicine EAP are part of an Organized Health Care Arrangement, which means that protected health information can be shared among those plan components for purposes of treatment, payment, and health care operations without the need for your consent or authorization to use or disclose your health information to carry out these functions.

Only University employees and vendors responsible for administering or providing treatment services under the Health Care Plan and UR Medicine EAP, such as employees who work in the Office of Total Rewards, the School of Nursing, Center for Community Health and Prevention, Behavioral Health Partners, or Accountable Health Partners, have access to the Well-U program protected health information. This includes individuals with medical training such as physicians, internists, lipidologists, psychiatrists, clinical psychologists, nurse practitioners, registered nurses, social workers, registered dietitians, exercise specialists/physiologists, tobacco cessation counselors, and certified wellness coaches.

All medical information obtained through the Well-U program will be maintained separate from your personnel records. Information that is stored electronically will be secured when at rest and encrypted when in transit, and no information you provide as part of the Well-U program will be used in making any employment decision. All individuals handling protected health information are trained in HIPAA privacy and security rules and subject to disciplinary action (up to and including termination of employment) if they inappropriately use or disclose your protected health information. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you within the timeframes required by law and our HIPAA policies.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the Well-U program and your medical treatment, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the Well-U program will abide by the same confidentiality requirements.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice or about protections against discrimination and retaliation, please contact the University Office of Total Rewards at (585) 275-2084.

The University reserves the right to amend or terminate Well-U programs at any time. Additional information on the programs may be found at rochester.edu/well-u and the Summary Plan Description for the University of Rochester Welfare Benefits.
