SERVICE AWARDS

As we embark on a new year, I am immensely proud of the exceptional work delivered by the University of Rochester and the University of Rochester Medical Center throughout 2021. Thanks to your dedication and professionalism we have not faltered – even in a historic global pandemic – continuing to conduct topflight research, deliver world class healthcare, and provide an unparalleled educational experience to some of the world’s most promising students. Your commitment to service and scholarship is truly exemplary. You have shown the world how to rise above adversity and serve humanity with compassion, creativity, and persistence.
