

2/7/20

From: Gunta Liders and Rick Waugh
To: UR Research Admin Modernization Committee
Subject: Thank you and follow-up RAMC meeting information

Dear Research Administration Modernization Committee (RAMC) Members,

Thank you to those who responded to the survey from our first Integrated Online Research Administration (IORA) RAMC meeting. We had an almost 50% response rate, with very positive feedback about IORA and excellent questions. As a result, we have added additional FAQs to the [IORA site](#). Please keep your questions coming by emailing the team at iora@rochester.edu.

After the meeting, we had 30+ RAMC members volunteer to be IORA super users. That's great participation and we'll be holding our kickoff with these volunteers soon.

Our next RAMC meeting will be March 19th from 3:00-4:30 (again in the Ryan Case Method Room). Please expect a meeting notice from Anthony Beckman shortly. We will be covering several important topics and we'll need your input on things like department approvals and training, so please try to attend. Thanks again for your participation on the RAMC. Your awareness and input is critical to ensure we grow and streamline our research capabilities at the UR.

Meliora!

Rick Waugh and Gunta Liders
