

3/19/20
From: Anthony Beckman
To: UR Research Admin Modernization Committee
Subject: IORA Status update 3/19/20

Greetings Colleagues,

Our next RAMC meeting will be March 19th from 3:00-4:30 (again in the Ryan Case Method Room).

[IORA](#) is beginning to take shape and during this meeting we will be covering several important topics. We'll need your input on things like department approvals and training, so please try to attend. Your awareness and feedback are critical to ensure we grow and streamline our research capabilities at the UR.

Your attendance is important to the success of the project. Zoom is available (details below) for the meeting, but we would appreciate your in-person attendance, if possible.

Thanks again for your participation on the RAMC,

IORA Team
