Preview/ Feedback

Support / Continuous Improvement

Engagement of UR Community (Department Administrators, PIs, Leadership & More)

Communications and Change Management Activities

What's next in April…

For the Core Team:

- Planning and evaluation
- Training preparation
- Testing preparation
- Finalize decisions (go-live date, budget categories, proposal sponsors gap, sponsor hierarchy, user base, migration data range, etc.)

What's next in April…

For IT / Huron:

- Project planning
- IRB Upgrade
- Test and integration environment setup
- Data Warehouse and Reporting
- Integration Development (Workday, Data Warehouse)
- COEUS data migration tests

What's next…

For Super Users:

- Access to and training of tools and processes
  - Box, Teams, Zoom, JIRA, etc...
  - Asked to gather test scenarios/proposals/awards
  - Potentially sign-off on attestations due to salary data
  - Review pre-requisite training materials

Super Users can be found here:
https://www.rochester.edu/iora-project/super-users/

We need your help!
Please provide by April 30

- **Training**: Help identify who needs training in your department and what their role is in the sponsored projects process (create funding proposals, approve proposals, post-award management, etc.)
Fill out this form: https://forms.gle/gaPHcmvbnSsMPp338

- **Department Approvers**: Who needs to approve funding **proposals** in your department?
Fill out this form: https://forms.gle/BwqMpLYpmsauZsXs6

Demonstration & Discussion

Thank you!

Research: A Priority

"The environment of a great research university creates great opportunity – not just in the learning itself, but how that learning translates into understanding and action.

*As president, I will focus on supporting and sustaining **research** at every level. Because it is through the knowledge derived from research that we fulfill our mission to make the world ever better."*

- Sarah Mangelsdorf, President, University of Rochester, Inaugural Address

UNIVERSITY *of* ROCHESTER
