MyPath Self-Enrollment Instructions: Research Boot Camp

The Research Boot Camp course can be found using one of the options below:

**Option A – Search Box**
1. In the search box in the upper right of the screen, type in ‘Research Boot Camp’, then Enter.

2. Select the ‘Research Boot Camp’ curriculum (not the ‘OHSP Research Boot Camp’ event as indicated by the calendar icon). This will take you to a ‘Training Details’ page that provides a course overview. Follow the ‘Registering for the Course’ instructions below.

**Option B – Deep Link to Program**
1. Click the following link: Research Boot Camp

2. You will be automatically be prompted to log into MyPath. Once logged in, you will be directed to a ‘Training Details’ page that provides a course overview. Follow the ‘Registering for the Course’ instructions below.

**Registering for the Course**
1. From the course’s ‘Training Details’ page, click ‘Request’ to register for the course.
2. MyPath will automatically navigate to your Learning Transcript page. To begin the course, click ‘Open Curriculum Player’. Follow the instructions in the course; additional information on navigating within the course is provided below.

Navigating in MyPath: Research Boot Camp

Course Homepage
The course homepage appears below. The page provides a summary of the course content and information on who to contact if you have questions. From the homepage, you can navigate to specific sections within the course using the left-hand navigation menu or by selecting the section title on the homepage. Course objectives for each section can be viewed by clicking the icon immediately to the right of each section title.

Optional Material
The ‘Optional Material’ section of the course includes:
• A copy of the Office for Human Subject Protection’s Abbreviation and Acronym List (if you are new to research, it is recommended that you print a copy of the Abbreviation and Acronym List to have on hand as a reference while reviewing each video). This document can be accessed by clicking the ‘Activate’ button, followed by the ‘Launch’ button:

![Abbreviations and Acronym List](image)

• Sub-folders of optional materials for each section of the course, each of which includes copies of the slides presented each training video and a transcript of each training video. Note that the slides and transcripts for each section, which includes 2-3 training videos, have been combined into one document (e.g., Section 1 includes 3 training videos so the slides for all 3 videos have been combined into one document). These materials can be accessed by clicking the section title and the ‘Activate’ (followed by the ‘Launch’) button for each document.

**Required Material**

The required course material includes a short introductory video and 4 distinct training sections, each of which includes 2-3 training videos. Sections must be completed in order; Sections 1-4 will not be accessible until the preceding section has been completed. Similarly, training videos in each section must be viewed in order. **Note that each video includes checks for understanding. These questions are presented directly within the video for the purposes of self-assessment; individual responses will not be collected.** To complete each section:

1. Select section title from either the left-hand navigation bar or the course homepage.
2. Click ‘Launch’ to view each training video. Note that training videos will launch in a new browser window, as such, you may need to disable pop-up blocking with your internet browser. Also note that options for viewing the video (e.g., full screen mode and play speed) can be adjusted by right-clicking on the video. Closed-captioning may also be turned on/off by selecting the button in the lower right-hand corner of the video.

3. Once you’ve reviewed the video in its entirety, MyPath will mark the review item as complete (as indicated by a checkmark). For section that includes more than one training video, this will ‘release’ the subsequent video to be viewed.

4. Repeat steps 1-3 for each training video, in each training section.

**Evaluation**

Once you’ve completed all training sections, please complete the training evaluation by selecting ‘Evaluation’ from either the left-hand navigation menu or the course homepage. Clicking ‘Launch’ on the Evaluation page will open a new browser window, which will provide instructions for completing the evaluation in REDCap.
