

Poll Everywhere

Eric Fredericksen, EdD

Associate Vice President for Online Learning
Professor in Educational Leadership

Lisa Brown, EdD

Assistant Director
University IT & URMCI Institute for Innovative Education

Learning Objectives

Participants will be able to...

- Describe how and when to use Poll Everywhere
- Create a University of Rochester Poll Everywhere Account
- Describe the Different Activity Types
- Create an Activity
- Present from the Web
- Add Poll Everywhere to Powerpoint
- Present from Powerpoint

HOW AND WHEN TO USE POLLING

Benefits to Poll Everywhere

- Engage students in your class
- Students can participate from any web browser or a mobile app
- University license
 - Unlimited participants
- Integrated with University authentication
- No cost to student

Polling can be used...

- In-person classroom
- Synchronous Zoom session
- Asynchronously
- At any event (does not have to be a class)!

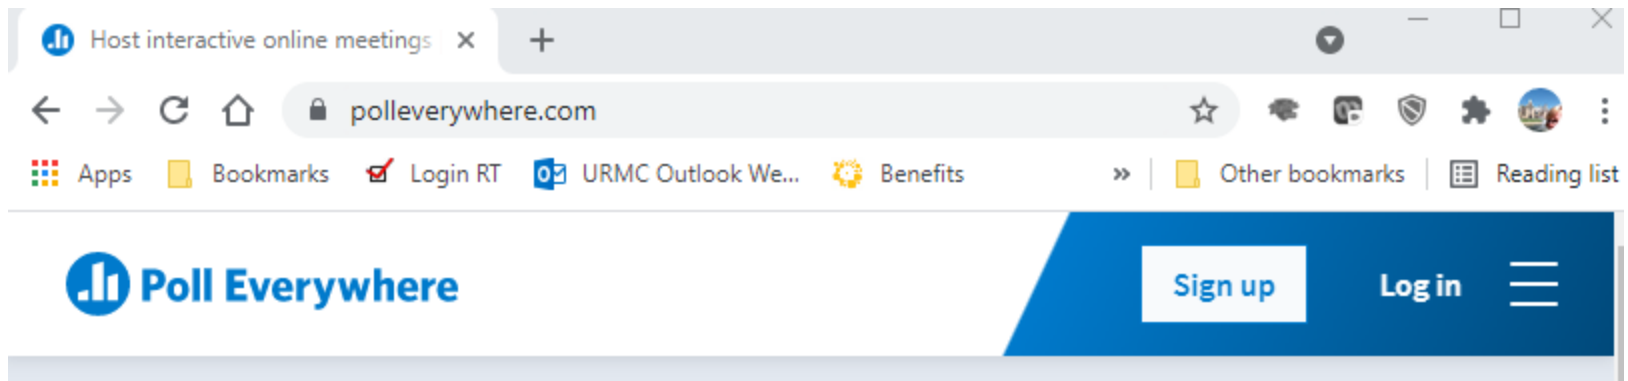

**CREATE POLL EVERYWHERE

- Allows for Pinned Q&A questions
- Future Blackboard (LMS) Integration

ACTIVITY TYPES

As shown from web site

USING POLL EVERYWHERE FROM THE WEB

Home Screen

The screenshot shows the Poll Everywhere Home Screen. On the left is a dark sidebar menu with icons and text labels. The 'My activities' option is highlighted with a red rectangle. The main content area on the right has a header 'My activities' and a sub-header 'Manage activities currently on pollev.com/universityofrochester129'. Below this are two cards: 'No activated activity' with a 'Learn more' link, and 'No pinned Q&A' with 'Settings' and 'Learn more' links. A row of buttons includes '+ Activity', 'Folder', and 'Upload'. Below is an 'Activities' table with columns for Order, Name, Last modified, and Count. The table contains one row: 'Sample question' with a last modified time of '11:47 AM on 08/24/21' and '0 responses'. At the bottom is a footer section with the Poll Everywhere logo and links for Desktop apps (PowerPoint), Mobile apps (iOS), and Support (Support center).

Timer

- How long to allow responses

The screenshot shows the '1. Configure' tab of a Blackboard activity configuration page. The left sidebar contains a menu with the following items: 'How people can respond', 'Audience restriction & identity', 'Response settings', and 'Timer' (which is expanded). The main content area is titled 'Timer' and features a toggle switch set to 'off'. Below the toggle are two input fields for 'Minutes' and 'Seconds', both containing the value '0'. A descriptive text block follows, explaining the timer's function and providing a link to 'Learn more'.

1. Configure 2. Test 3. Send

> How people can respond

> Audience restriction & identity

ASYNCHRONOUS USE

Asynchronous Responses to Single Activity

- Use the link or embed
- Poll activity does not need to be activated for these to work
- Lock the activity if you want to stop collecting responses

The screenshot shows the PollEv interface with three tabs: 1. Configure, 2. Test, and 3. Present. The 'Present' tab is active. Below the tabs, there are two sections: 'Present instructions' and 'Share and embed'. The 'Share and embed' section is expanded, showing two options: 'Response link' and 'Copy embed script'. The 'Response link' section includes a description: 'Use this link to collect responses even when the activity is not activated. Participants can respond asynchronously or over a long period of time.' and a link icon with the text 'Copy response link'. The 'Copy embed script' section includes a description: 'To embed this activity on your website, copy the script below.' and a code icon with the text 'Copy embed script'. Below these sections, there is a 'PollEv page' section with a description: 'Use this page to present an activity to a live audience. The page will always display the activity that is currently activated on the account.' and a link icon with the text 'Copy PollEv.com/universityofrochester129'. At the bottom of the interface, there are three buttons: 'Edit', 'Response history', and 'Delete'.
