

**LLE Engineering Division**  
**Mechanical Engineering and Design Shop**  
**Location of Facility: LLE**

<a href="#">Chris Deeney</a>	LLE Director
<a href="#">Charles Sorce</a>	Engineering Division Director
<a href="#">Cody Shane-Taylor</a>	Mechanical Engineering Shop Manager 585-275-9636

Description of Facility:

The Mechanical Engineering and Design Shop provides the full range of mechanical design, engineering, fabrication, assembly and testing capabilities. The shop specializes in the design and construction of unique and precision components and structures and has resident CAD and FEA engineering specialists to support research projects.

The services of the Mechanical Engineering and Design Shop are available to any University customer seeking the broad range of skills from design to prototype sample and in-house metrology. The present shop rate is **\$96/hour**. Estimates are available by contacting [Cody Shane-Taylor](#). Services are requested by providing an account number and approving the estimate.

Effective: 10/2023
