Temporary or Closer-In Disability Parking Assignments

Approval for temporary or permanent closer-in parking or transportation assignments will be based on a review of medical documentation that establishes the existence of a temporary or permanent ambulatory impairment. Should approval be granted, the individual will be assigned a mobility accommodation consistent with the University of Rochester Equal Opportunity Compliance Office and Department of Transportation and Parking Management policies. Should you be approved to park in a parking lot that is close to your destination or in a disability parking area, a temporary permit will be issued. When the period of eligibility for temporary parking assignment has expired, the individual is required to return to their original parking assignment.

Disability Parking

If you are requesting authorization to park in a University-designated disability parking space, it is your responsibility to obtain a New York State Handicapped Parking designator through your local municipality. Failure to do so may result in a parking citation if you park in a designated disability parking space in an employee or student parking lot without both a municipality issued Disability Parking placard and a parking permit from the Department of Transportation and Parking.
The Department of Transportation and Parking reserves the right to confirm that the state-issued disability parking handicapped placard is assigned to the individual requesting the disability handicapped parking. Only those with a NYS Handicapped Parking permit will be permitted to park in Handicapped Designated Spaces.

**Student Disability Transportation**

The University of Rochester provides on-campus transportation for enrolled students that need transportation while on-campus. Any student with a permanent or temporary disability will need to follow the same assessment process indicated above for disability parking. Please fill out page 1 of the form and fax it to the University Health Service contact. The applicant’s doctor will need to fill out page 2 and forward via fax to the same UHS contact. When a determination is made that a student needs on-campus transportation, the student will be contacted, and arrangements made to provide pick-up and drop-off at designated stops and times. Off-campus transportation can be arranged through the Rochester Genesee Regional Transportation Authority (RTS) using either fixed route service, or paratransit service offered by the RTS – Lift Line at or through the University Bus Service at designated stops on and off campus.
