

SOUNDS OF CAMPUS String Those Bells

CLAPPING ALONG: Carillon builder and restorer Josh Meeks reattaches cables to the bell clappers of the Hopeman Memorial Carillon in the tower of Rush Rhees Library late this summer. Meeks and other employees of Meeks, Watson & Co. of Georgetown, Ohio, completed a project to restore the carillon in time for its 50 bells to ring out during Meliora Weekend in October. Cast in Europe at the Royal Eijsbouts bell foundry in the Netherlands, the carillon's bells were installed and dedicated in November 1973. PHOTOGRAPH BY J. ADAM FENSTER
