Fellowship/Assistantship only - Example A

Explanation of Information

U.S. (or resident alien for tax purposes) graduate student has 6000 and/or 6002 fellowships/assistantships for the 2017 calendar year that will total $27,000.

The following has been assumed about the graduate student for 2017:

1. Student has no other job (at UR or elsewhere) - so expects to have $0 W-2 wages for 2017.
2. Student is a resident of NY but not a resident of NYC.
3. Student estimates that they will have $500 in other income in 2017 ($500 in taxable interest) - from 1099-INTs received from banks/investments.
4. Filing status is single.
5. Student has no dependents.
6. Student cannot be claimed as a dependent on someone else's return.
7. All of the $27,000 is taxable because the student does not have any other qualified expenditures (tuition or required books/equipment for classes).
8. Because the student's 6000/6002 fellowships/assistantships will not have income tax withheld, student will have $0 in federal and NY income tax withholding.
9. Student has completed their 2016 IRS and NY state tax returns. For 2016, the student had $24,000 in W-2 wage income and $500 in taxable interest income. For 2016, the student had $2,191 in federal income tax withheld and $760 in NY state income tax withheld from their W-2 wage income. On student's 2016 Form 1040A, tax was $1,663 and student had $528 overpayment. On student's 2016 Form NY IT-201, tax was $719 with $41 overpayment.

How to Calculate 2017 Estimated Tax Payments - IRS:

Step 1 Obtain IRS Form 1040-ES (2017) and complete 2017 Estimated Tax Worksheet on page 8 of the Form as follows (see page 4):

Line 1 = $27,500 ($27,000 fellowships/assistantships + $500 taxable interest income).
Line 2 is found on page 2 of IRS Form 1040-ES (2017) and is the standard deduction amount of $6,350 for single filing status for 2017.
Complete Line 3
Line 4 is $4,050 per exemption (so $4,050 if filing single, no dependents because only have exemption for yourself).
Complete Line 5
Line 6 is the tax calculation computed from the Schedule X Table on page 7 of IRS Form 1040-ES (2017):
Take Line 5 amount of $17,100 from the 2017 Estimated Tax Worksheet
Since this amount is over $9,325 but not over $37,950, the tax is:
$ 932.50
+ $ 1,166.25 15% ($17,100-$9,325) or 15%($7,775)
$ 2,098.75 Tax to report on Lines 6, 8, 10, 13a & 13c

Complete Lines 14-17
Line 17 is the minimum quarterly estimated tax payment that you are required to pay in 2017- payments due as follows: April 18, 2017, June 15, 2017, September 15, 2017 & January 16, 2018
Step 2 Determine how much in federal income tax you want to pay in and when:

Option 1 If you want to pay in the minimum required (to avoid an estimated tax penalty), payments due as follows:
$0 on April 18, 2017 (student had a $528 refund from their 2016 Form 1040A (Line 49) that was applied to 2017 estimated tax)
$304 on June 15, 2017 ($416 less $112 - which is the left over amount of 2016 refund after applying $416 of 2016 refund to April 18 payment)
$416 on September 15, 2017
$416 on January 16, 2018
**OR** pay entire 2017 required amount of $1,136 on April 18, 2017 ($1,663 less $528 overpayment from 2016)

*** REMEMBER - this only avoids the estimated tax penalty for 2017. If your 2017 tax return (when filed in 2018) matches your 2017 estimated tax worksheet, you will owe $436 when you file your 2017 tax return (tax of $2,099 less estimated tax payments during 2017 of $1,136).

*** If student did not know their 2016 tax due or had no overpayment from 2016, student would pay $416 by April 18, 2017, June 15, 2017, September 15, 2017 and January 16, 2018 (or $1,663 by April 18, 2017).

Option 2 If you want to avoid paying any tax when you file your 2017 income tax return in 2018, pay in the estimated tax of $2,099 ($525 quarterly) during 2017 as follows:
$0 on April 18, 2017 (student had a $528 refund from their 2016 Form 1040A (Line 49) that was applied to 2017 estimated tax)
$522 on June 15, 2017 ($525 less $3 - which is the left over amount of 2016 refund after applying $525 of 2016 refund to April 18 payment)
$525 on September 15, 2017
$525 on January 16, 2018
**OR** pay entire 2017 required amount of $1,571 on April 18, 2017 ($2,099 less $528 overpayment from 2016)

*** If student did not know their 2016 tax due or had no overpayment from 2016, student would pay $525 by April 18, 2017, June 15, 2017, September 15, 2017 and January 16, 2018 (or $2,099 by April 18, 2017).

NEXT - NEED TO COMPUTE NY TAX DUE . . .
How to Calculate 2017 Estimated Tax Payments - New York State:

**Step 1** Obtain NY Form IT-2105-I (2017) and complete Estimated Tax Worksheet on page 7 of the Form as follows (see page 6):

Line 1 = $27,500 ($27,000 fellowships/assistantships + $500 taxable interest income).
Line 2 is found on page 2 of NY Form IT-2105-I (2017) and is the standard deduction amount of $8,000 for single filing status for 2017.
Complete Line 3
Line 6 is the tax calculation computed from the Tax Rate Schedule for "Single and married filing separately" from page 8 of NY Form IT-2105-I (2017):

Take Line 5 amount of $19,500 from the Estimated Tax Worksheet
Since this amount is over $13,900 but not over $21,400, the tax is:

\[
\begin{align*}
600 & \quad \text{600} \\
+ \quad 330 & \quad 5.9\% \times (19,500-13,900) \\
930 & \quad \text{Tax to report on Lines 6, 15, 17, 19, 21 & 23 (assuming no credits)}
\end{align*}
\]

Complete Lines 24-28
Line 28 is the minimum annual estimated tax payment that you are required to pay in 2017. Quarterly payments of $180 are due as follows:

April 18, 2017, June 15, 2017, September 15, 2017 & January 16, 2018

**Step 2** Determine how much in New York State income tax you want to pay in and when:

**Option 1** If you want to pay in the minimum required (to avoid an estimated tax penalty), payments due as follows:

$139 on April 18, 2017 ($180 less $41 - student had a $41 refund from their 2016 Form IT-201 (Line 79) that was applied to 1st Quarter 2017 estimated tax payment).
$180 on June 15, 2017
$180 on September 15, 2017
$179 on January 16, 2018

OR pay entire 2017 required amount of $678 on April 18, 2017 ($719 less $41 overpayment from 2016)

*** REMEMBER - this only avoids the estimated tax penalty for 2017. If your 2017 tax return (when filed in 2018) matches your 2017 estimated tax worksheet, you will owe $211 when you file your 2017 tax return (tax of $930 less estimated tax payments during 2017 of $719).

*** If student did not know their 2016 tax due or had no overpayment from 2016, student would pay $180 by April 18, 2017, June 15, 2017, September 15, 2017 and January 16, 2018 (or $719 by April 18, 2017).
**Option 2** If you want to **avoid paying any tax when you file your 2017 income tax return** in 2018, pay in the estimated tax of $930 ($233 quarterly) during 2017 as follows:
$192 on April 18, 2017 (student had a $41 refund from their 2016 Form IT-201 (Line 79) that was applied to 2017 estimated tax)
$232 on June 15, 2017
$233 on September 15, 2017
$232 on January 16, 2018
**OR** pay entire 2017 required amount of $889 on April 18, 2017 ($930 less $41 overpayment from 2016)

*** If student did not know their 2016 tax due or had no overpayment from 2016, student would pay $232.50 by April 18, 2017, June 15, 2017, September 15, 2017 and January 16, 2018 (or $930 by April 18, 2017).

How to compute your estimated tax – Complete the worksheet below to compute your 2017 estimated tax. Use your 2016 New York State, New York City, and Yonkers tax returns and instructions as a guide for computing your estimated tax. Use your 2016 income, net earnings from self-employment, and deductions as a starting point and make any necessary adjustments for 2017. Line instructions for the worksheet begin on page 2 of these instructions.
