- **Resident Assistant (RA)**- Each hall has an RA who lives on the hall and works closely with residents to help establish a healthy and enjoyable community atmosphere. These upper-class students are here to answer any questions you may have about living at the University. RAs are trained to advise you on most concerns and problems that you may have in all areas, including roommate mediation, student counseling, academic and social support.
- **ESW and Maintenance**- The housekeeping staff—made up of seven Environmental Safety Workers (ESWs) and a working leader—is supervised by Dewann Perry. The ESW staff is responsible for cleaning bathrooms, hallways, lounges, offices, and other public areas in SBA. They do not clean student rooms nor are they responsible for cleaning areas that are made excessively dirty by residents or those areas that are abused as a result of resident or visitor use. The ESWs, for the most part, are assigned to specific floors. We encourage you to get to know these wonderful, hard-working people. These staff members generally work 5:30am-2:00pm Monday-Friday.
- **Dandelion-(D’Lions)**-D’Lions are chosen to promote school spirit and a sense of community through campus social events and community service programs. They encourage interaction between students, the University, and Rochester communities. They typically decorate halls, coordinate birthday celebrations, and organize specific hall and campus-wide events such as the Red Cross Student Blood Drives. D’Lion rosters can be found on the CC website: <https://ccc.rochester.edu/organization/dlions>
- **Fellows**-The Fellows are upper-class students with strong academic credentials and an impressive record of campus involvement. They applied to live in First-Year Housing Areas so that they could help introduce First-Year students to the rich array of academic, social, and co-curricular opportunities available on campus.
- **EcoReps** -The EcoReps will work to promote environmentally responsible behavior in the residence halls. Through their training and knowledge, these students will hold events to inform their hall mates about sustainability and sustainable practices on campus. The program itself strives to create an environmentally literate student population, which will reduce the campus’s ecological footprint by advocating change in the behaviors and attitudes of our campus culture.
- **Hall Council**-The First-Year Hill Hall Council is comprised of elected representatives as well as student volunteers. The council organizes activities, allocates funds to various building undertakings, and advises the administrative staff and Graduate Head Residents on area issues and concerns. The council’s budget comes from student activities fees. In past years, the First-Year Hill Hall Council has organized annual events including Sue Boo, exam study breaks, the SBA/Quad Olympics, a glow-paint dance, and Sue Done It.
