# **CONTRACT CONDITIONS**

2025-2026

# From the Directors

On behalf of staff teams in Residential Life & Housing Services, and Campus Dining Services & Auxiliary Operations, we look forward to serving you on campus in 2025-2026.

This publication is the University of Rochester “Residential Life and Dining Services Contract for Undergraduate students” for 2026-2026. Please bookmark or print this document, as it becomes your official contract upon submitting your application. Residential Life & Housing Services is the source of information for all on-campus housing options—residence halls, fraternity houses, and special interest housing.

- New students (first-year and transfer) submit their housing and dining applications online through the Rochester StarRez portal which can be accessed through the Admissions portal. New students will receive official information on how to access the Admissions portal after their enrollment deposit is received. Room assignments are made over the summer for fall enrollment and in late December/early January for spring enrollment.
- Currently enrolled students (classes of 2026, 2027, and 2028) submit their housing and dining applications and rooms online through the annual Housing Lottery.  
Go to <https://rochester.starrezhousing.com/StarRezPortalX/> to complete the application as described in the Housing Lottery instructions. Confirmation of room and dining selections for upperclass students will be viewable in Rochester StarRez after selection.
- All houses on the historic Fraternity Quad are part of the Residential Life system, and all students living in these houses are required to have a housing and dining contract. Assignments to houses with thematic or membership programs take place through a separate process that occurs during the lottery period.

• Students currently on leave should contact Residential Life & Housing Services for housing and dining materials after receiving confirmation from the College Center for Advising Services or the Office of Admissions that they have been reactivated or readmitted.

Please be advised that all students living on- and off-campus are required to participate in a meal plan. New students will select a meal plan as part of the housing and dining application through the Admissions portal. Continuing upperclass students will choose a meal plan after selecting a room in the housing lottery. If you do not complete the online dining registration you will be automatically enrolled in the minimum dining plan requirement for the residential area you selected, and you will be assessed a \$50 late registration fee. We encourage students receiving financial aid to contact their financial aid advisor with any questions regarding their financial aid eligibility related to housing and dining.

If you have any questions, please reach out to us.

Sincerely,

Dan Watts

Executive Director, Residential Life & Housing Services

Dave Nelson

Interim Director, Campus Dining & Auxiliary Operations

# ELIGIBILITY

Eligibility is limited to full-time River Campus undergraduates. Students living in housing must be at least 16 years old at the time the student takes occupancy of the room. Fifth-year students (T-5, e5, and those needing additional semesters to complete their degree) are not eligible for campus housing. Fifth-year students may submit a wait list housing application for consideration if there is space available after all other eligible students are assigned. Students who have part-time status (a minimum of 8 credit hours) for medical reasons or who, upon the approval of the appropriate dean change to part-time status for spring semester of the senior year may be allowed to retain eligibility for residence halls upon the approval of the Director of Student Housing Administration. Only undergraduate students enrolled at the University of Rochester are eligible to live in the residence halls.

This contract is a legally binding agreement for housing at the University of Rochester. Once the housing and dining contract is submitted, you are contractually obligated for University housing for the fall and spring semesters of the 2025-2026 academic year subject to the conditions below. By signing the Residential Life/Dining Services Application- Contract you agree that:

**•On-Time Class of 2026 and 2027 Applications** Students submitting this application by the published upperclass application deadline in April are qualified for a housing assignment in University housing if adequate space is available.

**•Late Class of 2026 and 2027 Applications** If space remains after all on-time applicants have been offered assignments, late applicants will be offered assignments based on the order in which their applications are received. Late applicants are not bound to accept an assignment offered in this way. However, once the assignment is accepted, the student is contractually obligated for University housing for the fall and spring semesters of the 2025-26 academic year subject to the conditions below.

**•Class of 2028 Applications** Current first-year students (rising sophomores) have a two-year housing requirement—you must live on campus for your first-year and sophomore year unless you have been granted a special exception. All Class of 2028 sophomores are entitled and obligated to live in University housing for the fall and spring semesters of the 2026-27 academic year, subject to the conditions below. Students who submit a lottery application on time will be allowed to participate in the annual room selection process. Students desiring to live at home with a parent or guardian must petition for release from this requirement prior to submitting a housing application.

**•Late or Missing Class of 2028 Applications** Class of 2028 students who submit late lottery applications or do not submit any materials will be automatically assigned housing following the annual room selection process.

**•New First-Year Student (Class of 2029) Applications** Eligible new first-year students are entitled to and obligated for University housing for the fall and spring semesters of the 2025-26 and 2026-27 academic years subject to the conditions below and are bound by the 2025-26 Residential Life & Dining Services Application and Contracts. Submitting this application after the New Student Priority Deadline may result in delayed assignment, and/or assignment to triple room housing. Students desiring to live at home with a parent or guardian must petition for release from this requirement prior to submitting a housing application. The decision whether to grant a release is at the University's discretion and shall be final.

## Conditions

The University agrees faithfully to provide those services unless events beyond its control prevent its doing so.

# CONTRACT CONDITIONS

## **Failure to Occupy**

If you fail to check in and occupy your assigned room by 5 p.m. on Wednesday, September 10, 2025, for the fall semester, and Wednesday, January 28, 2026, for spring semester, you may forfeit your specific room assignment. You may apply for a waiver of this rule in writing to the Executive Director of Residential Life & Housing Services at least five (5) days in advance of the first day of classes, giving the reasons for your late arrival. Any waiver must be approved by the Executive Director of Residential Life & Housing Services. Failure to occupy does not void this contract. You will be assigned to an available space when you present yourself at the Residential Life Office to request a new assignment.

## **Designated Room Assignment**

You are assigned to a specific room in the housing system. Any change in room assignment must have prior approval by the Office for Residential Life & Housing Services. If you change rooms without prior approval or if you fail to move after accepting a room change, you may be assessed an improper room change fee, the room change may be revoked, and you may be subject to disciplinary action.

## **Reducing Tripled Spaces (First-year Housing Only)**

Prior to First-year Move-In: If you are assigned to a three-person room for reasons other than your application preference, Residential Life may reassign you to a single- or double-occupancy room if these spaces are available. Unless all residents of a three-person room mutually determine which person(s) will move, Residential Life will make the determination. After First-year Move-In: If you are in a three-person room and wish to move to a double or single room, you will need to submit a room change request.

## **Vacancies**

If a vacancy occurs in a room or in a room within a suite, Residential Life may assign another student to live in that space. You must accept a new occupant assigned to fill the vacancy. Behavior which discriminates against an interested student or assigned occupant will be considered sufficient grounds for discipline, including reassignment or removal from housing, without refund, as determined by the Executive Director of Residential Life & Housing Services. When there is a vacancy in a room, you should only occupy your portion of the room.

## **Vacancies in Fraternities, Sororities, Free Standing Houses, and Special Interest Housing Groups**

Groups are expected to maintain full occupancy of their designated spaces both fall and spring terms. Residential Life will work with groups to maximize occupancy and reduce unoccupied space. Failure to fill the group's allotted housing may result in a reduction of rooms or suites, consolidation to smaller quarters, or loss of the house.

## Gender Inclusive Housing

Gender Inclusive Housing seeks to provide an environment that is welcoming to all gender identities and is not limited to the traditional gender binary (male/female). We recognize that same-sex room assignments are not ideal or appropriate for all students. We provide opportunities for students in singles in suites and apartments as well as double room housing on all gender floors. This housing option allows students to select roommates regardless of their sex, gender, or gender expression. Unless specific mutual requests are made by the roommates, Residential Life will assign students based on the gender binary (male/female). The Director of Student Housing Administration will work with students individually to facilitate this housing option. Contact [housing@reslife.rochester.edu](mailto:housing@reslife.rochester.edu) to begin the conversation.

## Medical Accommodations

New students (first-year and transfer students) who may need housing accommodations due to a disability or medical condition must submit a request for accommodation with supporting documentation to the Office of Disability Resources no later than June 1. Continuing students must update their accommodation requests yearly. You must submit to Disability Resources by April 1, for approval prior to the Housing Lottery. Late submission of the request for accommodation and subsequent late approval may result in a housing placement delay or an interim placement until a vacancy occurs that meets the accommodation.

## Service and Emotional Support Animals

Specially trained service animals for individuals with disabilities are permitted. Please note on your contract if you are bringing a service animal. Emotional support animals require advanced approval from the University. Please refer to the [Office of Disability Resources](#) for further details and application.

## Room Entry

It is the University's intention to assure all reasonable privacy in student rooms. When appropriate, advance notification will be provided before entering a student room. However, the University reserves the right to enter your room without notice and/or without your consent for verification of occupancy and other Residential Life administrative functions; for performance of protective, housekeeping, or maintenance functions; for health and safety inspections; to protect life, limb, or property; to assure compliance with these contract conditions as well as state, federal, and University regulations.

Charges will be prorated from the beginning of the contract period to the date of formal contract termination. If you return to active status at any time during the term of the contract, this contract is automatically reinstated.

## Students Continuing at the University

Once this contract is binding, as noted above, you will not be released from this contract for the contract period so long as you are a continuing student at the University, except if:

# REASSIGNMENT AND REMOVAL FROM HOUSING

## **Residential Life Reassignment, Removal, or Suspension**

Residential Life reserves the right to reassign, remove, or suspend (pending review) from the residence halls any student whose conduct exhibits disregard for the residential community, who violates the terms and conditions of residence halls occupancy, or who violates other University rules and regulations. Such determinations will be made by the Executive Director of Residential Life & Housing Services.

## **University Disciplinary or Administrative Removal**

The University may terminate a housing contract and take possession of the room at any time upon (A) violation of the provisions of this contract; or (B) the direction of a duly authorized judicial body, dean, or other officer of the University; or (C) suspension or expulsion from the University. If you are required to leave University housing for disciplinary reasons, the full-year contract fees are still binding.

## **Special Interest Housing Reassignment**

The University reserves the right to reassign residents of Special Interest Housing groups living in residence halls if a program loses recognition or if spaces assigned to programs are not filled. Individuals who have not met the conditions for a Special Interest Housing group may also be reassigned or consolidated.

## **Administrative Reassignment**

Residential Life reserves the right to reassign students and Special Interest Housing groups living in residence halls to address administrative needs, including gender space balances, renovations, maintenance conditions, and consolidations of spaces.

## **Period to Relocate or Vacate Housing**

Any student who is notified that he or she is reassigned or removed from a residence hall's space must vacate within 48 hours after receipt of such notice, unless instructed otherwise by Residential Life or its designee. Any of the student's possessions remaining on the premises after that time shall be deemed abandoned, a late vacate fee will be assessed, and any cost incurred in removing possessions will be charged to the student.

# ROOM FURNISHINGS AND CONDITIONS

## Furnishings

Residential Life provides window coverings, a data connection, and basic furniture in each room. You accept responsibility for loss or damage to furnishings. All University-provided furniture must remain in the room, including the mattress. Disciplinary charges and a service fee for return of furniture will be assessed if student room furniture is removed. Students may not bring their own furniture (bed, mattress, desk) unless it is for a medical accommodation approved through the Office of Disability Resources. You are not permitted to move furniture from public areas into your living space.

## Room Condition and Damage Billing

You (and your roommate(s), if any) are responsible for leaving your space in the same condition in which it was found upon moving in, as documented on your Room Condition Form completed at check-in. Charges will be assessed for repainting and refinishing; repair or replacement of damaged or missing furnishings and equipment; special cleaning necessary due to misuse of facilities; removal of any extra furniture, abandoned property, or large quantities of trash; or other unusual conditions requiring correction. You are responsible for notifying your Residential Life Area Office immediately upon discovering any deteriorated or altered room condition. This includes walls (no painting), doors, electrical connections, lighting and wiring, furnishings, cable and data connections and equipment, or any other part of the building.

## Public Area Damages

Charges will be assessed for damages, including excessive cleaning needs, to public areas in all Residential Life-administered buildings (residence halls and houses). If those responsible cannot be identified, all students whom Residential Life determines had access to or used the affected public area (corridors, floor lounges, elevators, kitchens, etc.) will share the charges.

## Keys

You are responsible for all assigned keys, key cards, or fobs issued to you for room or apartment access. If lost, there will be a charge to replace the key(s), key card or fob, and to change the lock(s).
