Blood Borne Pathogen Exposure – Incident Report Instructions

Attention: University of Rochester Student

If you have not filled out an incident report for your recent exposure, please call Environmental Health and Safety at 275-3241 to complete the *non-employee* incident report as soon as possible.

If you do **not** complete an incident report, services for this exposure may be billed directly to you.

If you have already completed an incident report and have received a bill for services rendered relating to the exposure incident, please do not pay the bill. Bring the bill to University Health Service for assistance.
