Billings will be processed monthly for hourly uses of personnel, equipment and facilities. Billing will be based on either scheduled time or actual elapsed time (when available). Monthly invoices will be sent to the billing information above. Payment is due 30 days from invoice date. If payment lapses then access to the facilities access will be turned off until payment is received. Since this is a facility that is operated in accordance with federal guidance in OMB A-21, all services have to be paid for; uncollectable amounts are unallowable and will jeopardize the special facility treatment under federal regulations.
