## Rescue Mission: Using Web 2.0 toolkits to save E-wanderland

**Facilitators: Xiaoyu Wan & Benjamin Boison (Ph.D. students in Teaching and Curriculum)**

Monday, April 24, 3:00 pm to 4:30 pm in LeChase 305

Hello, all.

Invaded with Plague 2.0, Princess EllaBella (Xiaoyu Wan) of E-wanderland seeks the help of her long lost brother, Captain BB (Benjamin Boison), to find a long-lasting cure for Plague 2.0 using Web 2.0 technology.

They are currently looking for your help to find the cure! Come assist Princess EllaBella and Captain BB and engage in a wonderful exploration of novel and powerful Web 2.0 tools.

In a salute to last week's LiDA folks, this presentation will follow a game-based approach and explore Web 2.0 tools in a minds-on and hands-on session. You are invited to work with the presenters, Xiaoyu Wan and Benjamin Boison (T&C), on

three missions to learn, evaluate, and design with Web 2.0 tools in order to build your own toolkit.

We look forward to seeing you there!

Kind regards,

LiDA Study Group
