

## LiDA SHOWCASE

**Thursday, Sep 28 from 3:00 pm to 4:30 pm in LeChase 215 (Genrich-Rusling Room)**

As we kick off another academic year and another installment of the Learning in the Digital Age (LiDA) Series @ Warner, we invite all who are interested in teaching, learning, product development, and research in digital contexts to join us for a LiDA Showcase. In this session, faculty and students involved in a wide range of LiDA-related projects will share brief overviews of what they're working on currently and in the coming year. Come to learn about and see how you can contribute to the LiDA work taking place in and beyond Warner.

We look forward to seeing you there.

Kind regards,

LiDA Study Group
